response to natural disasters and war, and the people and organizations that are working to help people in need. This title also focuses on people who have been helped, the progress that has already been made, and the challenges still left to be met. The young reader analyzes the stories and develops their own opinion of what can be

swimming and diving, safety rescue techniques, and skills for a variety of aquatic activities.

Cardiac arrest can strike a seemingly healthy individual of any age, race, ethnicity, or

Online Library 2013 Cpr Guidelines Red Cross

gender at any time in any location, often without warning. Cardiac arrest is the third leading cause of death in the United States, following cancer and heart disease. Four out of five cardiac arrests occur in the home, and more than 90 percent of individuals with cardiac arrest die before reaching the hospital. First and foremost, cardiac arrest

Online Library 2013 Cpr Guidelines Red Cross

treatment is a community issue - local resources and personnel must provide appropriate, high-quality care to save the life of a community member. Time between onset of arrest and provision of care is fundamental, and shortening this time is one of the best ways to reduce the risk of death and disability from cardiac arrest. Specific

Online Library 2013 Cpr Guidelines Red Cross

actions can be implemented now to decrease this time, and recent advances in science could lead to new discoveries in the causes of, and treatments for, cardiac arrest.

However, specific barriers must first be addressed. Strategies to Improve Cardiac Arrest Survival examines the complete system of response to cardiac arrest in the

Online Library 2013 Cpr Guidelines Red Cross

United States and identifies opportunities within existing and new treatments, strategies, and research that promise to improve the survival and recovery of patients. The recommendations of Strategies to Improve Cardiac Arrest Survival provide high-priority actions to advance the field as a whole. This report will help citizens,
