~~Rakesh Yadav Math Book 7300+ - Apps on Google Play~~

although rakesh yadav 7300 book was highly effective till 2016 and if we talk about only arithmetic, this book is still very effective but for advanced math it is losing its effectiveness because solutions in this book is not up to the mark and a beginner will find it difficult to understand. also if we talk about concepts, this book completely fall flat. you will need either good reference books or some good teacher who can clear your concepts thoroughly.
