Chief Obafemi Awolowo (1909-1987) was the leader of Nigeria's Action Group party and the first indigenous Premier of Western Nigeria. He campaigned heavily for developmental change and implemented free primary education and child healthcare policies across the Western Region. Awolowo began work on this autobiography in 1957, at a time when Nigeria's request for self-government had been refused. The work was completed in 1960, the year Nigeria gained its long-awaited independence. Accordingly, this autobiography is dedicated to a 'new and free Nigeria', with the trust that its people will enjoy 'a more abundant life'. This determined, self-made leader here describes his youth, education and politics. He writes of his hope that this tale of stubborn perseverance can become 'a source of inspiration' in itself, and indeed, this account will fascinate anyone with an interest in Africa, the history and politics of Western Nigeria, or a love of insightful political autobiography.

Chief Obafemi Awolowo: The Political Moses is a story of a man who dedicated the entirety of his life to serve humanity and the development of mankind. The Author makes use of the noun Moses to depict the tiresome journey of an activist who fought rigorously alongside others to gain independence for his people. The fact that his ambition to be president of Nigeria was foiled is in itself a matter of discussion transcending the Nigerian political debate till now. As late Chief Odumegwu Ojukwu once said "Awolowo, the Best President Nigeria never had." The book investigates the celebrated treasonable felony of 1962; bringing into focus the case hearings and the political unrest of the period, party system and political parties in Nigeria, Nigeria electoral processes from Pre-colonial era to the fourth republic, review of political prisoners around the world, and making succinct recommendations for Nigeria electoral processes. Chief Obafemi Awolowo: the political Moses unravels a political betrayer by major party members of Action Group likening this to the betrayal of Jesus Christ by Judas Iscariots. It is a must read book for researchers, students of political science and law, lecturers, and anybody that aspires to be great.

This book examines the political leadership of Chief Obafemi Awolowo, one of the nationalists' leaders who fought for Nigeria's independence. His model of leadership and perseverance is one to be emulated and studied as he implemented an economic development program that brought far reaching changes to not only Nigeria, but all of Africa.

Alhaji Sir Ahmadu Bello, the Premier of the Northern Region of Nigeria, was thought by many to be the most powerful figure in Nigeria. The descendant of the great reformer, Shehu Usman dan Fodio, the Sardauna grew up in the atmosphere of the Muslim and aristocratic tradition of the Fulani conquerors of Northern Nigeria. He reached maturity in a Nigeria that was rapidly advancing towards independent nationhood, with political institutions deriving largely from the traditions of the Christian West. As leader of the Northern Peoples Congress, the majority political party in Northern Nigeria, the Sardauna became the first Premier of that region in 1954.

In the cataclysmic decade that is the focus of this book, Nigeria was subject to several near-death experiences. These began when the country nearly tore itself apart after the northern-led military government annulled the results of a 1993 presidential election won by the southerner Moshood Abiola, and ended with former military ruler General Olusegun Obasanjo being the unlikely conduit of democracy. This mini-history of a nation's life also reflects on three mesmerizing protagonists who personified that era. First up is Abiola: the multi-billionaire businessman who had his election victory voided by the generals who made him rich, and who was later assassinated. General Sani Abacha was the mysterious, reclusive ruler under whose watch Abiola was arrested and pro-democracy activists (including Abiola's wife) were murdered. He also oversaw a terrifying Orwellian state security operation. Although Abacha is today reviled as a tyrant, the author eschews selective amnesia, reminding Nigerians that they goaded him into seizing power. The third protagonist is Obasanjo, who emerged from prison to return to power as an elected civilian leader. The penumbra of military rule still looms over Nigeria nearly twenty years after the soldiers departed, and key personalities featured in this book remain in government, including the current president.
