A NEW ENTRY IN THE LEGENDARY, CRITICALLY ACCLAIMED UNDER JURISDICTION SERIES! TO END A GENOCIDAL MENACE, A RETIRED TORTURER MUST AGAIN TAKE UP HIS HATED TRADE Andrej Koscuisko is a former Fleet Medical Officer for the enormous totalitarian star empire, the Jurisdiction. But when he served in the Fleet, Andrej's real job was not medicine, at least not primarily medicine, but to act

as a torturer of prisoners, whether they had information to give or not. To help him in his duties, Andrej was attended by “bond involuntaries”—slaves—men he’d come to look upon as friends and family. Finally, enough was enough. Andrej absconded with six of his Fleet-provided security slaves and sent them into the no-man’s land of Gonebeyond Space—beyond the reach of the Jurisdiction’s tyrannical Bench. Now The Angel of Death, a savage terrorist organization from Andrej’s system of origin, means to make Gonebeyond its own. But its ancestral enemy – the secret service of the Dolgorukij church, the Malcontent – has planted a double agent on the inside of the Angel of Death. Finally this interstellar menace might be destroyed forever. But there is trouble. Andrej Koscuisko wasn’t expected to escape from protective custody at Safehaven Medical Center and come looking for his freed bond involuntaries, and now the Malcontent faces Andrej’s unplanned intervention at the worst possible time. Now the only way to save the mission and bring down an organization that has slain whole systems of men, women, and children is for Andrej to embrace the savagery in his own heart and once again take on the role of Judicial torturer—a role that he had fought long and hard to escape. He must deploy every dirty trick and brutal stratagem he knows against the Malcontent agent whose secret he has unwittingly betrayed. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Blood Enemies: "A very satisfying entry in a very scary series!"—Janis Ian "Starting with An Exchange of Hostages, I devoured Susan R. Matthews 'Koscuisko' novels—all six of them—when they first appeared. Books with this much courage, clarity, and empathy are rare. The Under Jurisdiction series is a remarkable and unprecedented accomplishment."—Stephen R. Donaldson, New York Times best-selling author of the Thomas Covenant series. More praise for Susan R. Matthews: “[Matthews] brilliantly uses science fiction’s freedom of creation to make a world in which she can explore deep moral conflicts.”—Denver Post “. . . has a dark energy . . . an extremely compelling read.”—New

**BLOOD ENEMIES** Glover Wright **FACT:** In 1982 the British government was rocked by an apparent leak of vital secrets from the Government Communication Headquarters (GCHQ) at Cheltenham, Gloucestershire to the Soviet Union, which could threaten America's new multi-billion-dollar strategic defense programme and destroy Britain's alliance with its oldest and most powerful ally. Despite rumours of a conspiracy and suggestions in the UK Parliament of the day that there had been a cover-up, time has shown the “special relationship” survived intact. What time has not revealed – yet – is the possible truth behind certain mysterious and deadly events that took place during that critical period which were treated as coincidences. Glover Wright's **BLOOD ENEMIES** is fiction which might by coincidence – be part of something else entirely . . . Reviews: 'Irresistible' - NEW YORK TIMES 'Unputdownable' - BOOKS

(Prequel to the Sony Pictures film, written by Danny McBride, starring Kate Beckinsale, Scott Speedman, Shane Brolly, Robby Gee, Erwin Leder, Wentworth Miller, Sophia Myles, Bill Nighy, & Michael Sheen) (Horror)

Over the course of our lives, we make many things along the way. We make money, we make friends, we make love, and we make mistakes. We make an effort to rise, but unfortunately, we also make enemies. Although these enemies are sometimes physical forces, the hardest ones to defeat are often invisible and intangible. Those unseen nemeses of ours can come in the form of laziness, procrastination, insecurity, depression, and the list goes on. No matter what form our enemies take, we must find inner strength and use it to defeat them so we can move forward and advance to the next chapter of life. In *Soup of the Day: Blood of Our Enemies*, poet Mickey Moctezuma explores complex situations of difficulty, challenge, and emotion. He addresses heartbreak, cheating, substance abuse, and toxic relationships. Mickey's poems allow you to enter his subconscious, relate to his plight, process your own feelings, and find catharsis after the many unavoidable traumas of life. Through catharsis comes healing and a bright future.

She had always known him to be a cruel and sadistic man, but as she and her friends seek to unveil the truth and begin linking his past with his present, they discover a legacy bursting with dark cravings, evil deeds and crimes more heinous than they'd ever thought possible. The tangled nest of carefully concealed lies and family secrets cause Melanie to question everything and everyone. Every question brings forth more questions, and every glimpse of truth, uncovers more lies. But Melanie doesn't have time to let her doubts

consume her for long. Her father is spotted closing in and escapes police capture. The demons that drive him are growing desperate to find a way into her life, to destroy her and those she cares about. Though the road ahead is guaranteed to be painful, merciless, and exhausting, Melanie refuses to quit. If she walks away from pursuing the truth, more lives will be at stake and she could lose the people she loves forever. No matter the cost, she knows she can't stop because he won't ever stop coming until they are all dead.\*Due to content, author recommends that readers be 13 years of age or older.

The first book in an epic new series about a princess hiding a dark secret and the con man she must trust to clear her name for her father's murder. In the Cyrilian Empire, Affinites are reviled. Their varied gifts to control the world around them are unnatural—dangerous. And Anastacya Mikhailov, the crown princess, has a terrifying secret. Her deadly Affinity to blood is her curse and the reason she has lived her life hidden behind palace walls. When Ana's father, the emperor, is murdered, her world is shattered. Framed as his killer, Ana must flee the palace to save her life. And to clear her name, she must find her father's murderer on her own. But the Cyrlia beyond the palace walls is far different from the one she thought she knew. Corruption rules the land, and a greater conspiracy is at work—one that threatens the very balance of her world. And there is only one person corrupt enough to help Ana get to its core: Ramson Quicktongue. A cunning crime lord of the Cyrilian underworld, Ramson has sinister plans—though he might have met his match in Ana. Because in this story, the princess might be the most dangerous player of all. “Cinematic storytelling at its best.”—Adrienne Young, New York Times bestselling author of *Sky in the Deep* and *The Girl the Sea Gave Back* “Zhao shines in the fast-paced and vivid combat scenes, which lend a cinematic quality that pulls readers in.”—The New York Times Book Review “Zhao is a master writer who weaves a powerful tale of loyalty, honor, and
