Daniel Gregory Amen is an American celebrity doctor who practices as a psychiatrist and brain disorder specialist as director of the Amen Clinics. He is a five-times New York Times best-selling author as of 2012. Amen has built a profitable business around the use of SPECT imaging for purported diagnostic purposes. His marketing of SPECT scans and much of what he says about the brain and health in his books, media appearances, and marketing of his clinics has been condemned by scientists and doc
