A new play from an award-winning playwright, published as part of the innovative Abbey Theatre playscript series On the day of her father's funeral, Eva - a young woman - is still haunted by the betrayal she witnessed from her childhood haven - the treehouse in the garden. On the same day another woman, Magda, relives the ghosts of another hiding place and a different betrayal - ghosts from which she still seeks forgiveness. Interweaving lives and secrets Treehouses is a magical tale of refuge, treachery and of love lost and found.

There are hundreds of lives sown inside Pretty Little Mistakes. Heather McElhatton's singularly spectacular, breathtakingly unique novel that has more than 150 possible endings. You may end up in an opulent mansion or homeless down by the river; happily married with your own corporation or alone and pecked to death by ducks in London; a Zen master in Japan or morbidly obese in a trailer park. Is it destiny or decision that controls our fate? You can't change your past and start over from scratch in real life!but in Pretty Little Mistakes, you can! But be warned, choose wisely.

Ancient Greek Beliefs explores the mysteries of the ancient myths and religious beliefs of a great people. The text is divided into three sections, Greek mythology, the ancient Greeks, and conclusions. A brief history and lengthy glossary are included. The book is designed as a basic text for the introduction to ancient Greek mythology and beliefs, and the text muses about the religious lessons we might learn from them. It contains abridged stories of Greek mythology, including the extant Greek plays, and considers portions of the works of the great writers, including Aeschylus, Euripides Hesiod, Homer, Plato, and Sophocles. It opens a comprehensive window into the lives of these great ancient people.

Archiving Secrets: Common Sense Advice On Saving Photos & Family Documents Without Fancy Programs is a short, no-nonsense self help guide that offers valuable advice on how to get your ever growing collections of digital media under control now and for the future, whether it is on a Linux, Mac or Windows computer. While mainly concerned with techniques to organize your current digital photo collections, it covers other vital strategies for organizing archival

scanned photos from old family photo albums, and getting collections of home office and business documents into easier to access groupings. Video and audio archiving options are also briefly touched on. Just like any guide to getting your household cleaned and organized, Archiving Secrets is sure to help you get your computer tidied up in such a way that will make it easier to locate vital files, and make it easier to move on to your next PC when it comes time to upgrade.

More information to be announced soon on this forthcoming title from Penguin USA

Register your book at quepublishing.com/register

Schindler's List, Poussin's painting, the Holocaust, justice, the soul, AIDS: post-modernism debunked.

Eleven-year-old Gabriel, with the help of the young raven Paladin, which whom he has a magical bond, travels to the foreboding land of Aviopolis, where he must face challenges and unanswerable riddles to rescue his long-missing father.

Eighteen years old and completely alone, Rosemary arrives in New York from Tasmania with little other than her love of books and an eagerness to explore the city. Taking a job at a vast, chaotic emporium of used and rare books called the Arcade, she knows she has found a home. But when Rosemary reads a letter from someone seeking to "place" a lost manuscript by Herman Melville, the bookstore erupts with simmering ambitions and rivalries. Including actual correspondence by Melville, *The Secret of Lost Things* is at once a literary adventure and evocative portrait of a young woman making a life for herself in the city.
