~~Purchasing A~~

Category Management is a strategic approach to procurement where organisations segment their spend into areas which contain similar or related products enabling focus opportunities for consolidation and efficiency.

~~Category Management Guide | CIPS~~

Category management is an approach to the organisation of purchasing within a business organisation. Applying category management to purchasing activity benefits organisations by providing an approach to reduce the cost of buying goods and services, reduce risk in the supply chain, increase overall value from the supply base and gain access to more innovation from suppliers.

~~Category management (purchasing)– Wikipedia~~

Read Book Category Management In Purchasing

~~What is Category Management? Category management can be defined as a strategic approach to procurement, where the organization segments its spending on bought-in goods and services. The segmentation arranges goods and services in discrete groups depending on the functions of these goods and services.~~

~~Some of the categories on which organizations typically spend include:~~

- Office management
- Human resources
- Professional services
- Security
- IT
- Transport
- Travel and ...

~~What is Category Management and How Do You Use It?~~

~~“ Category management in purchasing is the process of defining areas of spend and effectively “ roping off ” goods, services, and the suppliers who provide them.~~

outcomes. The cycle can help you to define a category management process. Download the cycle to use in presentations and share with peers on social media.

~~Category Management Cycle | CIPS~~

Category management is a retailing and purchasing concept in which the range of products purchased by a business organization or sold by a retailer is broken down into discrete groups of similar or related products; these groups are known as product categories. It is a systematic, disciplined approach to managing a product category as a strategic business unit. The phrase "category management" was coined by Brian F. Harris.[n/a 1]
