To write well, you need to keep it clear and concise. But for many who struggle with writing reports, memos, e-mails, and other necessary correspondence on the job, that's easier said than done. This no-nonsense book is a virtual lifeline to writing success. Author Steve Gladis has been a writer all his life. He has published numerous magazine and journal articles as well as 11 books. Survival Writing for Business presents, in an easy-to-follow format, his top tips for writing clearly and briefl.

Business Writing Today prepares students to succeed in the business world by giving them the tools they need to write powerfully, no matter the challenge. In her highly-practical text, author Natalie Canavor shares step-by-step guidance and tips for success to help students write more clearly and strategically. Readers will learn what to say and how to say it in any medium from tweets and emails to proposals and formal reports. Every technique comes with concrete examples and practice opportunities, helping students transfer their writing skills to the workplace. New to This Edition Updated with new examples, success tips, resources, and expanded material on subjects that relate to students' most pressing interests and reflect current directions of professional communication. New and expanded coverage of important topics like networking, storytelling, creating a positive online presence, and visually-based media. New and updated good and not-so-good writing samples throughout the book show readers where and what to revise. A reorganized and streamlined table of contents is now organized into four major parts, moving from basics into more advanced topics. Nine new "Views From the Field" include advice on networking, building rapport, and creating personal introduction videos. A new chapter on editing includes practical strategies for improving drafts and fixing common writing issues. A greater emphasis on strategic thinking and problem-solving helps students develop their insight into the perspectives of others so they are better able to represent their own interests and contribute more on the job. This edition more closely connects writing skills with oral communication, relationship-building, a strategic online presence, and students' hopes to become valued employees, leaders, and entrepreneurs. A new appendix includes new writing activities, new assignments, and cheat sheets for students, making this the most applied edition yet.

Globalization has brought in numerous opportunities for the teeming millions, with more focus on the students overall capability apart from academic competence. Many students, particularly those from non-English medium schools, find that they are not preferred due to their inadequacy of communication skills and soft skills, despite possessing sound knowledge in their subject area along with technical capability. Keeping in view their pre-employment needs and career requirements, the book will help the students to change their traditional mindsets from controlling to creativity; to employee empowerment and organizational learning; to gain skills in the language which has become the international lingua franca, a language of global economy. All the chapters are full of gems and rubies, but the chapters based on resume writing group discussion, conducting meetings, interview skills, grammar, etc., are the black pearls in the treasure trove. Also the chapters are dainty, detectable and delightful as part and parcel of your reading, writing, and speaking skills. This book will surely empower students with the language and life skills they need to carry out their career goals. It also provides ample opportunities for the students to build awareness and practice the language in real-life scenarios. Its integrated skills approach develops the students self-confidence to survive and succeed in professional and social encounters within the English speaking global community.

Author Rich Brott notes six themes that are mutually dependent upon each other, each of which represent a necessary requirement for a successful business. They are, Knowledge, Experience, Ability, Opportunity, Capital, and Commitment. When it comes to business failures, the stats are not pretty. Within the first year of operation, over 50% of businesses fail. Extend the time period to five years, and the statistics become even worse. In that time period over 95% of all businesses fail. From the beginning, business is risky and chances of success poor. But you can significantly improve your chances of success with good insight, preparation and planning. The author notes that in this book he wants to help you in the area of establishing your business and will do so by leading you step-by-step through these critical areas.

One of the hardest things in the world to accomplish is getting a book written. This manual describes a methodology adapted from well-tried business principles and has been used with great success in schools, both senior and primary, with seniors' classes and with informal groups. It will get you over the hurdles of developing a plot, creating powerful characters and controlling the process right through to the magical moment when you write "The End" on the final page. It is not a regular "creative writing" manual but a methodology to get a book developed and written. ABOUT THE AUTHOR: The author Michael Davies is a retired IT executive with a writing career spanning two decades. He has a Masters Degree in Business Administration and is the founder of the Mickie Dalton Foundation, a literary funding organization for writers. Since 2002, he has lived in New South Wales.

How many pieces of paper land on your desk each day, or emails in your inbox? Your readers – the people you communicate with at work – are no different.
