Che Guevara: The Economics of Revolution. In my first A-level economics class, at the age of 16, I was taught these guiding principles; people only produce if they can make a profit, humans have infinite desires, while resources are limited, so everything must be rationed through the price mechanism – demand and supply.

Che Guevara was a prominent communist figure in the Cuban Revolution (1956–59) and a guerrilla leader in South America who became a

powerful symbol for revolutionary action. After his execution by the Bolivian army, he was regarded as a martyred hero by generations of leftists, and his image became an icon of leftist radicalism and anti-imperialism.

~~Che Guevara | Biography, Facts, Fidel Castro, & Death ...~~

Che Guevara remains an iconic figure, four decades after his death. Yet his most significant contribution - his work as a member of the Cuban government - is rarely discussed. This book explores his impact on Cuba's economy, through fascinating new archival material and interviews.

Che Guevara and the Political Economy of Socialism. Rafael Martinez. Che Guevara is widely known to the world as the romantic-idealist revolutionary. The economic thought of Che Guevara has not really been widely publicised as the Argentinean born revolutionary is commonly known for his works on the guerrilla warfare, whose underlying idealist and voluntarist approaches to the struggle of the oppressed masses against capitalism and imperialism have been exposed and rejected altogether by the ...
