In my experience, good reverse harem romances are hard to write. A lot of the time the romance tends to swallow up the story and the plot seems to be an afterthought. This wasn't the case with Dragon's Guard.

Reverse Harem - Standalones and 1st in series (810 books)  
Dragons, a prophecy, a curse and a reverse harem of the most important dragons. It's crazy tempting and honestly not that bad if you really like all these elements even if it's done a little bland. The beginning is good, I love the thief idea and to use it as a way to Dragon's Fire is smushed together version of the whole blood prophecy series, five tiny books make for a one long ass read duh.

The last of her kind. Four hot alpha mates. A legacy of bloodshed. When Ren Landis goes looking for excitement on her 21st birthday, getting kidnapped is a little more than she bargained for. So is finding out that shifters exist-and that she's one too. As the last of the dragon shifters, she's got a role to fulfill: Take the alphas of the four shifter groups as her mates and unite all shifter kind. No pressure, right? Too bad Ren's fate isn't as simple as getting it on with four scorching-hot guys. Someone is out for dragon shifter blood, intent on finishing the massacre they started years ago. If Ren can't figure out how to kickstart her buried powers, her life's about to go down in flames.

The stories say that the dragons saved humanity, but all they left were ashes, cinder, and a new breed of human. Welcome to the Outlands, where nobody cares if you scream. Rogue, Fighter, survivor. I have many roles, but my only purpose is to protect my loved ones and make a better life for them. It'll take one more job to make my dream a reality. But fate, the uncooperative bitch, stands ready to twist the knife. Taken by Dragon bloods, the better-looking result of human and dragon unions, I'm caged and forced to fight in the arena for their amusement. They want me to bleed, but I'll be damned if I'll kiss the sand for them but there is more to the Arena's purpose than meets the eye, and I'm beginning to believe that all the stories I've been told may be nothing more than fiction. With the help of a man with eyes like flame, and his arrogant, incorrigible brother, I may just survive to find out the truth. The Bloods are close to executing an awful plan, and the only way to stop them is to escape. My family wait for me. My dream awaits, and freedom will be mine. A kick-ass fantasy with a slow burn whychoose romance. Fans of Rise of the Iliri and War of the Gods will love The Dragon Guard series.

Blithe Li is a wellspring—a vessel containing magic that can only be used by a magi. The only problem is, women aren’t supposed to be wellsprings. In a world where powerful female magic workers rule, and vulnerable male wellsprings must follow the rigid social norms meant to keep their magic pure from corruption, Blythe doesn’t fit in anywhere. She can’t actually use magic, the way a woman should. Wellsprings can’t own property and have very little in the way of basic rights. And Blythe has no hope of making a fortuitous match and becoming a magi’s favored lover and pet, the way a male wellspring would. Instead, she’s an embarrassment and burden to her parents, who already have a house full of normal boy wellsprings to marry off. Blythe’s world is turned upside down when a commission for a clockwork dragon ends with a proposal she never could have imagined—and leaves her bonded to the future queen of the Imperial American States. But this is no Cinderella story. Blythe’s future wife, Raina, is engaged in a quiet, deadly battle of politics and power with the current regent as she approaches her coming of age and her ascension to the throne. Blythe soon finds herself fighting alongside Raina for every freedom she’s ever dared dream of, as they try to completely remake a kingdom. But will Raina’s efforts to gather the support of a misfit court with the magic of only a pair of newly bonded wellsprings be enough to save them all from accusations of treason, murder, and all-out war? Clockwork Dragon is an “outside the box” romance of monarchy and mayhem. It is set against a rich steampunk regency backdrop in an alternate world where magic has influenced the development of technologies and nations, and where Regency and Victorian era gender norms are reversed. It features a clockwork dragon guard dog, an irreverent and intimidating future queen, a metal-worker-turned-consort, and a poly relationship with a vessel of fire and air. Oh, and airships..plenty of airships. This story includes diverse characters and LGBTQIA elements, including lesbian, bisexual, and poly romance, as well as reversed and fluid gender norms. Author's Note: This isn't your usual reverse harem. It isn't your usual steampunk book. And these aren't your usual victorian/regency gender norms.... \*99,000 words without any extra “fluff” at the end. \*This book is not a serious historical book. It is a fantasy and liberties have been taken! \*The initial/main romance in this book is F/F, however it later develops into a poly relationship with M/F, F/F, M/M, and M/F/F scenes. \*There may be mentions of trauma, though this isn't explicit on the page stuff. \*There is some mild-moderate violence. \*No, I can't send you your own Sparrow. Sorry. \*This book is intended to be a stand-alone story. Whether there are any more books in this world will depend entirely upon demand and the graces of the writer muse.

Four sexy dragons...and a treasure that can tear them apart. I never thought I’d love again. But I’m falling, and falling hard. And this time it’s not just one man I love, but three dragon shifters. It’s been so long since I’ve let my guard down, let anyone in. And now, I’d do anything for my men, even if it means risking my life for a job half a world away. The job is risky and takes us far from home, but for these men, I’ll do anything. Fighting for this prize will test the fragile trust we’ve built. We have to win or we risk losing not only our love, but our lives. Dragon Unbroken is the second book in a reverse harem trilogy featuring one strong female dragon shifter and the three hot-as-sin dragon shifters who win a place in her company...and in her bed. additional keywords: reverse harem, menage, whychoose romance, dragons, shifters, workplace romance, security agency, strong heroine, fated mates, Germany, forests, suspense

The paranormal world just can't seem to cut Ren a break. Just when she thought she could finally settle into normal-well, relatively normal-life as the last of the dragon shifters with her four alpha mates, she finds her people on the brink of a supernatural war. The vampires have decided all shifter kind must be exterminated, and they've got the firepower to make good on that goal. Ren's got plenty of fire of her own, of course. But she's only one dragon, and there are a whole lot of vampires. As she scrambles to protect all of her kin and figure up what the heck is up with the last of her mates, she can't help suspecting this challenge is more than she and her alphas can handle alone. The secrets buried in the dragon shifter estate may hold the answer-but finding it will force her to question everything she thought she knew about this new world.

Three dragons. One woman. A reverse harem fantasy that will leave you breathless and begging for more... Dareena Sellis is a nobody. The orphaned daughter of a no-name farmer, she toils away as a serving girl at Hallowdale Inn, her only marriage prospects either shipping off to war, or pawing at her skirts with their grubby, gnarled hands. But fate takes a strange turn the day a dragon huntress comes to town. Suddenly, Dareena is swept off to Dragon's Keep, trading in her raggedy dresses for silken gowns, her closet-sized room for feather pillows and spacious gardens, and her miserable suitor for three very handsome, veryvirile dragon princes. For Dareena is not a nobody. She is the Dragon's Gift--the one woman chosen by the gods every century to bear children for the future king of Dragonfell. Despite her pre-ordained path, Dareena's fate is far from certain. The crown has not given birth to more than one son in nearly a thousand years, and the line of succession is far from clear. Neither of the princes are willing to cede Dareena to the other, and yet she must choose. For the enemy is knocking on Dragonfell's door, and Dareena's decision could either mean the kingdom's salvation... ..or annihilation.
