The Dunkirk pull out was meticulously planned and ruthlessly executed by the top Briton Military leadership. Keeping the larger perspective in mind they did not hesitate to sacrificed some of British regiments and at the same time they did not buckle to the pressure from the highest political leadership for some petty political gains. The book suggests that the French military lost the battle in their mind before the first bullet was fired. The French politicians did not know the limitations of ...

Dunkirk: Fight To The Last Man - Hugh Sebag-Montefiore

In May of 1940, the armies of Nazi Germany were marching through France. In the face of this devastating advance, one of World War II's greatest acts of heroism would be a retreat: the evacuation of the British Army from Dunkirk. In Dunkirk: Fight to the Last Man, we are given an unprecedented vision of these harrowing days. Hugh Sebag-Montefiore has created a bold and powerful account of the small group of men who fended off the German army so that hundreds of thousands of their comrades ...

\* \* \* Special 75th Anniversary Edition \* \* \* Hugh Sebag-Montefiore's Dunkirk: Fight to the Last Man tells the story of the rescue in May 1940 of British soldiers fleeing capture and defeat by the Nazis at Dunkirk. Dunkirk was not just about what happened at sea and on the beaches. The evacuation would never have succeeded had it not been for the tenacity of the British soldiers who stayed behind to ensure they got away. Men like Sergeant Major Gus Jennings who died smothering a German stick bomb in the church at Esquelbecq in an effort to save his comrades, and Captain Marcus Ervine-Andrews VC who single-handedly held back a German attack on the Dunkirk perimeter thereby allowing the British line to form up behind him. Told to stand and fight to the last man, these brave few battalions fought in whatever manner they could to buy precious time for the evacuation. Outnumbered and outgunned, they launched spectacular and heroic attacks time and again, despite ferocious fighting and the knowledge that for many only capture or death would end their struggle. 'A searing story . . . both meticulous military history and a deeply moving testimony to the extraordinary personal bravery of individual soldiers' Tim Gardam, The Times 'Sebag-Montefiore tells [the story] with gusto, a remarkable attention to detail and an inexhaustible appetite for tracking down the evidence' Richard Overy, Telegraph Hugh Sebag-Montefiore

was a barrister before becoming a journalist and then an author. He wrote the best-selling *Enigma: The Battle for the Code*. One of his ancestors was evacuated from Dunkirk.

Describes the events surrounding the Battle of Dunkirk and the rescue of British troops from the beaches of Dunkirk during World War II.

Originally printed: New York: Viking Press, 1982.

Rescuing from history the heroes on the front line whose bravery has been overlooked, and giving voice to their bereaved relatives at home, Hugh Sebag-Montefiore reveals the Battle of the Somme in all its glory and misery, helping us to realize that there are many meaningful ways to define a battle when seen through the eyes of those who lived it.

“ A detailed and fascinating account ” of a little known WWII showdown in Belgium between the British Expeditionary Force and the German army (*Barnsley Chronicle*). This is an important reassessment of a critical period in the British Expeditionary Force ’ s fight against the German armies invading France in 1940. On May 25, Lord Gort, the British commander, took the decision to move 5th Division north in order to plug a growing gap in his army ’ s eastern defenses. Over the next three days the division fought a little-known engagement, the Battle of the Ypres-Comines Canal, to hold the Germans at bay while the rest of the BEF retreated toward Dunkirk. The book describes the British Army of 1940 and outlines the early stages of the campaign before explaining the context of Gort ’ s decision

and why it was made. Then, using British and German sources, it shows how the British doggedly defended their line against heavy German attacks, and demonstrates that the Expeditionary Force was far more than the badly equipped and undertrained army many historians have represented it as. This fresh look at the campaign also casts new light on other aspects such as the impact of the Luftwaffe and the Dunkirk evacuation itself. “ This book is important for all those interested in the fighting which proceeded the general retreat to and evacuation from Dunkirk. The author has trawled numerous archival sources, which are well cited in this elegantly produced book. ” —Journal of the Society for Army Historical Research

Featuring Newly Discovered Accounts from Around the World. No conflict better encapsulates all that went wrong on the Western Front during World War I than the Battle of the Somme in 1916. The tragic loss of life and stoic endurance by troops who walked towards their death is an iconic image - but this critically-acclaimed bestseller, on the four months of battle, shows the extent to which the Allied armies were in fact able to break through the German front lines again and again. In eight years of research, Hugh Sebag-Montefiore has found extraordinary new material from Australians, New Zealanders, Canadians, and the British - from heartbreaking diaries and letters to hitherto unseen Red Cross files - recounting their experiences amid the horror of war. It has been hailed as the best book about the battle, which, though not an Allied victory, was the beginning of the slide towards German defeat.

At 2am on the morning of the 3rd of June 1940, General Harold Alexander searched along the quayside, holding onto his megaphone and called "Is anyone there? Is anyone there?" before turning his boat back towards England. Tradition tells us that the dramatic events of the evacuation of Dunkirk, in which 300,000 BEF servicemen escaped the Nazis, was a victory gained from the jaws of defeat. For the first time, rather than telling the tale of the 300,000 who escaped, Sean Longden reveals the story of the 40,000 men sacrificed in the rearguard battles. On the beaches and sand dunes, besides the roads and amidst the ruins lay the corpses of hundreds who had not reached the boats. Elsewhere, hospitals full of the sick and wounded who had been left behind to receive treatment from the enemy's doctors. And further afield - still fighting hard alongside their French allies - was the entire 51st Highland Division, whose war had not finished as the last boats slipped away. Also scattered across the countryside were hundreds of lost and lonely soldiers. These 'evaders' had also missed the boats and were now desperately trying to make their own way home, either by walking across France or rowing across the channel. The majority, however, were now prisoners of war who were forced to walk on the death marches all the way to the camps in Germany and Poland, where they were forgotten until 1945.

The air battle of Dunkirk took place 60+ years ago and was the culmination of the RAF's first major confrontation with Hitler's Luftwaffe in WWII.

other, leaving what is, at times, a confusing picture. In this book, adopting a day by day approach, the author provides a clear portrayal of the unfolding drama on the perimeter around Dunkirk, in the port itself and along the beaches to La Panne and the Belgian border. Reports from many of the captains of the vessels which took part in the great evacuation were submitted to the Admiralty immediately after the conclusion of Operation Dynamo. With access to these, and supported by the various records maintained by the Army and RAF, the author has been able to finally piece together the movements and actions of the many of the squadrons, units and ships involved. With the Admiralty reports and a mass of other firsthand accounts, many of which have never been published before, the true tale of the heroism of the rescued and the rescuers is laid bare. Operation Dynamo saw civilian volunteers and Royal Navy personnel manning every type of craft from the anti-aircraft cruiser HMS Calcutta to the cockle boats of the Thames Estuary. The accounts of the men who crewed these vessels tell of being bombed and strafed by the Luftwaffe or shelled from the shore. There are stories of collisions in the dark, chaos on the beaches and tragic losses as ships went down. Similar tales are told by the men waiting on the beaches, defending the perimeter or flying in the skies overhead in a valiant effort to hold the German Army and Luftwaffe at bay. Yet this is ultimately a story, as Churchill described it, of deliverance, for against all the predictions, the BEF was saved to fight again another day. With civilians and servicemen working without respite for days and nights on end under almost continual attack to rescue the army, the nation pulled together as never before. It truly was Britain's finest hour.

A valuable source for those interested with the withdrawal from Dunkirk. Originally published in November 1940 it is an authentic account of the coasters and cargo steamers, yachts, motor cruisers, sailing barges, lifeboats, paddle vessels, destroyers, sloops and dinghies, that took their part and effected what experts had considered impossible.
