Simulator

The ECLIPSE suite of simulators can be used to model any reservoir type. Select from one of the base simulators below and choose from a range of add-on options to tailor your simulations to meet your needs.

ECLIPSE Simulators - Schlumberger

Download Free Eclipse Reservoir Simulator

ECLIPSE is an oil and gas reservoir simulator originally developed by ECL (Exploration Consultants Limited) and currently owned, developed, marketed and maintained by SIS (formerly known as GeoQuest), a division of Schlumberger. The name ECLIPSE originally was an acronym for "ECL 's Implicit Program

Reservoir Simulation | Software

Reservoir simulation is an area of reservoir engineering in which computer models are used to predict the flow of fluids (typically, oil, water, and gas) through porous media. Under the model in the broad scientific sense of the word, they understand a real
