This Homework books accompanies the GCSE Maths scheme for Edexcel Linear (A) - Foundation

Developed for the EDEXCEL specification, this course provides preparation for GCSE success with a practical approach. Detailed support and guidance are contained in the Teacher Files on advanced planning, points of emphasis, key-words, notes for the non-specialist, useful supplementary ideas, and homework sheets.

This 4th edition of Collins GCSE Maths has been fully revised and updated for the new GCSE specifications and endorsed by Edexcel. The new edition of this well-established text has a new focus on mathematical reasoning and problem solving. The course coverage ensures that you will have the confidence to tackle the new curriculum and succeed.

Intending to help students revise the key topics they need to brush up on, this work includes test yourself diagnostic questions, worked examples, practice questions and summaries on important topics, and practice examination papers.

Developed for the EDEXCEL specification, this course provides thorough preparation for GCSE success with an enjoyable and motivating approach. Now revised for the new National Curriculum and the new GCSE specifications. Detailed support and guidance are contained in the Teacher Files on advanced planning, points of emphasis, key-words, notes for the non-specialist, useful supplementary ideas and homework sheets. Summary and test yourself questions are also included.

A complete course for GCSE, this text contains clear explanations of key ideas, graded exercises, worked examples, past paper questions and practice exam papers. Answers are also included. The Higher course is targeted towards higher ability students.

Planned, developed and written by practising classroom teachers with a wide variety of experience in schools, this maths course has been designed to be enjoyable and motivating for pupils and teachers. The course is open and accessible to pupils of all abilities and backgrounds, and is differentiated to provide material which is appropriate for all pupils. It provides spiral coverage of the curriculum which involves regular revisiting of key concepts to promote familiarity through practice. This book, designed for the higher level of the GCSE, adheres to the Edexcel specification.
