Venkateswaran focuses on the essentials, bringing together all the concepts and techniques you need, while avoiding topics that only matter in highly specialized situations.

### **Essential Linux Device Drivers (??)**

For former one, I think it is better to study simple one driver code. Example from "Linux Device Drivers" is usually too complicated for me. For the later one, I believe author usually point out some source code to read. For readers, I suggest

# Download File PDF Essential Linux Device

to stay at this book. If the new version of "Linux Device Drivers" comes out, you may also need one.
