instructions and tips for trainers and self-improvers. You will learn not only how to enhance your fundamental knowledge and technical skills, but also how to work on your physical and psychological conditioning. In VOLUME 2 you are again handed basic and advanced tools to improve in a wide array of areas: assessing and handling pawn structures, employing positional and tactical means to improve your position, identifying weak spots, mastering attacking dynamics and more. If you complete Sakaev and Landa's course you will be able to assess virtually any chess position you are confronted with.
