PPT - GCP for Emergency Medicine PowerPoint presentation ...

It is the opinion of the EMA GCP Inspectors Working Group (GCP IWG) and the Clinical Trial Facilitation Group (CTFG) that the responsibility to break the treatment code in emergency situations resides solely with the investigator. Consequently the sponsor can't require or insist on being involved in the decision to unblind, stall or delay in any way the unblinding of trial subject treatment in emergency situations.

Q&A: Good clinical practice (GCP) | European Medicines Agency

Good clinical practice (GCP) is an international ethical and scientific quality standard for designing, recording and reporting trials that involve the participation of human subjects. Compliance with this standard provides public assurance that the rights, safety and wellbeing of trial subjects are protected and that clinical-trial data are credible.

"Voluntary Guidelines for Emergency Medicine Practice". The American College of Emergency Physicians (ACEP) believes that emergency medicine should provide the highest quality of patient care and service based on current research and available resources. Various organizations, including medical societies, governmental agencies, and insurance entities, routinely develop and disseminate clinical practice guidelines that may impact patient care practices.
