Engineers get the latest technical insights into operations, architectures, and systems components.

Successful business alliances today are critical to the competitive advantage of many companies. Mastering Alliance Strategy presents state-of-the-art thinking and practices for using partnership effectively. This essential resource will help you understand and use alliances better, whether you are a new or

Access Free Guide Multifunction On Instalation

seasoned alliance professional, a business-development specialist, a line manager, or a top executive. The authors argue that the secrets to success lie not solely in the intricacies of a deal but also in the strategy and organization behind the deal. They draw ideas and tools from years of research and reporting on four elements that are key to an effective alliance strategy:

- * Designing the alliance and crafting the agreement
- * Managing the alliance after it is launched
- * Leveraging a constellation of alliances
- * Building an internal alliance capability

The Intuitive Guide to Energy Efficiency and Building

Access Free Guide Multifunction On Instalation

Improvements Energy Audits and Improvements for Commercial Buildings provides a comprehensive guide to delivering deep and measurable energy savings and carbon emission reductions in buildings. Author Ian M. Shapiro has prepared, supervised, and reviewed over 1,000 energy audits in all types of commercial facilities, and led energy improvement projects for many more. In this book, he merges real-world experience with the latest standards and practices to help energy managers and energy auditors transform energy use in the buildings they serve, and indeed to transform their buildings. Set and reach energy reduction goals, carbon reduction
