ATV lighting has to be one of the most underrated components on an ATV. It is easy to ignore; it isn't instrumental in running the machine and you don't even need it during the day. But, when the sun sets and you're still on the trails without a headlight, you'll be wishing you'd realized that your bulb was out.

that hiking is also a natural stress reliever. Aside from increasing your heart rate, moving through nature can relax your mind and turn down the volume on mental chatter. You focus only on the steps, obstacles, and what's in front of you. It's you and the trail. And what's better is that you can relive these experiences with a hiking journal. Our Hiking Journal is designed to be: **PERSONAL**: Being in nature brings us back to our roots and is where we can truly find ourselves. In this journal, you can write about those moments and observations along the trail that you want to remember while perhaps looking out over a vast forested valley, or perched upon a log beside a rushing river. Even better, write about the sorts of things that a camera can't quite capture, such as the eerie whisper of the wind in the
