Nine Stories (Salinger) - Wikipedia

With just one novel and three short story collections in print, it is surprising to discover that Salinger was not much more prolific than this. A total of 22 other short stories were published and never made it into popular books, but not much more work is known. Rumors claim that he continued writing over his later decades, and his representatives admitted as much in a court deposition in the 1980's, but this work has never been exposed.

NINE STORIES ï J. D. Salinger [5]
"ï In the Ocean Room, playing the piano. He's played the piano both nights we've been here."
"ï Well, what'd he say?"
"ï Oh, nothing much. He spoke to me first. I was sitting next to him at Bingo last night, and he asked me if that wasn't my husband playing the piano in the other room. I said

NINE STORIES

It is no surprise that, in the wake of his World War II encounter with the Nazi death camps, Salinger wrote about both the Holocaust (in his 1948 short story, ïA Girl I Knewï) and anti-Semitism (in his 1949 short story, ïDown by the Dinghyï). Salinger's daughter, Margaret, in her memoir about her father, Dream Catcher, remembers him once telling her, ïYou never really get the smell of burning flesh out of your nose entirely, no matter how long you live.ï What Salinger's ...

The Short Stories of J. D. Salinger Summary - eNotes.com

Written by Rudolf Pretzler
J.D. Salinger 's short stories are one of kind. Within a few pages he manages to allow the audience to share the emotional stress of the protagonists without ever going out of the given story's way to achieve this. Throughout his collection of short stories, two major themes that need further discussion are evident.

JD Salinger: Short Stories Summary | GradeSaver

"Perhaps the best book by the foremost stylist of his generation" (New York Times), J. D. Salinger's Franny and Zooney collects two works of fiction about the Glass family originally published in The New Yorker. "Everything everybody does is so—I don't know—not wrong, or even mean, or even stupid necessarily. But just so tiny and meaningless and—sad-making. And the worst part is, if you go bohemian or something crazy like that, you're conforming just as much only in a different way." A novel in two halves, Franny and Zooney brilliantly captures the emotional strains and traumas of entering adulthood. It is a gleaming example of the wit, precision, and poignancy that have made J. D. Salinger one of America's most beloved writers.

Summer camp counselor Wyatt Huddy, a disfigured young man, learns that the camp will be responsible for dozens of severely disabled wards of the state, a situation complicated by the dangerous inclinations of a fellow counselor.

Presents a developmental examination of Salinger's short fiction and includes biographical information and discussions of his work selected from secondary materials.

NATIONAL BESTSELLER ï The inspiration for the major motion picture Rebel in the Rye One of the most popular and mysterious figures in American literary history, the author of the classic Catcher in the Rye, J. D. Salinger eluded fans and journalists for most of his life. Now he is the subject of this definitive biography, which is filled with new information and revelations garnered from countless interviews, letters, and public records. Kenneth Slawenski explores Salinger's privileged youth, long obscured by misrepresentation and rumor, revealing the brilliant, sarcastic, vulnerable son of a disapproving father and doting mother. Here too are accounts of Salinger's first broken heart after Eugene O'Neill's daughter, Oona, left him; and the devastating World War II service that haunted him forever. J. D. Salinger features this author's dramatic encounters with luminaries from Ernest Hemingway to Elia Kazan, his office intrigues with famous New Yorker editors and writers, and the stunning triumph of The Catcher in the Rye, which would both make him world-famous and hasten his retreat into the hills of New Hampshire. J. D. Salinger is this unique author's unforgettable story in full—one that no lover of literature can afford to miss. Praise for J. D. Salinger: "A Life (Startling . . . insightful . . . [a] terrific literary biography.ïUSA Today (It is unlikely that any author will do a better job than Mr. Slawenski capturing the glory of Salinger's life.ïThe Wall Street Journal ïSlawenski fills in a great deal and connects the dots assiduously; it's unlikely that any future writer will uncover much more about Salinger than he has done.ïBoston Sunday Globe ïOffers perhaps the best chance we have to get behind the myth and find the man.ïNewsday ï[Slawenski has] greatly fleshed out and pinned down an elusive story with precision and grace.ïChicago Sun-Times ïEarnest, sympathetic and perceptive. . . . [Slawenski] does an evocative job of tracing the evolution of Salinger's work and thinking.ïThe New York Times

Based on eight years of exhaustive research and exclusive interviews with more than 200 people—and published in coordination with the international theatrical release of a major documentary film from the Weinstein Company—Salinger is a global cultural event: the definitive biography of one of the most beloved and mysterious figures of the twentieth century. For more than fifty years, the ever elusive author of The Catcher in the Rye has been the subject of a relentless stream of newspaper and magazine articles as well as several biographies. Yet all of these attempts have been hampered by a fundamental lack of access and by the persistent recycling of inaccurate information. Salinger remains, astonishingly, an enigma. The complex and contradictory human being behind the myth has never been revealed. No longer. In the eight years since Salinger was begun, and especially in the three years since Salinger's death, the authors interviewed on five continents more than 200 people, many of whom had previously refused to go on the record about their relationship with Salinger. This oral biography offers direct eyewitness accounts from Salinger's World War II brothers-in-arms, his family members, his close friends, his lovers, his classmates, his neighbors, his editors, his publishers, his New Yorker colleagues, and people with whom he had relationships that were secret even to his own family. Shields and Salerno illuminate most brightly the last fifty-six years of Salinger's life: a period that, until now, had remained completely dark to biographers. Provided unprecedented access to never-before-published photographs (more than 100 throughout the book), diaries, letters, legal records, and secret documents, readers will feel they have, for the first time, gotten beyond Salinger's meticulously built-up wall. The result is the definitive portrait of one of the most fascinating figures of the twentieth century.

The last book-length work of fiction by J. D. Salinger published in his lifetime collects two novellas about "one of the liveliest, funniest, most fully realized families in all fiction" (New York Times). These two novellas, set seventeen years apart, are both concerned with Seymour Glass—the eldest son of J. D. Salinger's fictional Glass family—as recalled by his closest brother, Buddy. "He was a great many things to a great many people while he lived, and virtually all things to his brothers and sisters in our somewhat outsized family. Surely he was all real things to us: our blue-striped unicorn, our double-lensed burning glass, our consultant genius, our portable conscience, our supercargo, and our one full poet..."
