But public sector managers are not bred to change things by being innovative and decisive. They are bred to ensure existing processes are properly administered. Which clearly leaves the public sector at something of a disadvantage when it comes to projects - just one reason why public sector projects can be prone to failure. But the public sector think they have a solution to this problem.

19.1 The Public Sector is the principal actor in macro socio-economic policy making infrastructure and an architect of an enabling environment for national development. Public Sector management covers such aspects of management as productivity management, and management of human, financial and other resources.

CHAPTER 19 PUBLIC SECTOR MANAGEMENT INTRODUCTION

Before the Project Management Institute was formed in 1969, the term "program management" was as common as "project management". Program management referred mainly to work by public sector agencies. This webinar will discuss the role of program management in government. If you work in government, or want to know more about project and program management in government, this is the webinar for you.
