a commodity, refinery processes and the different ways in which oil is priced. Instruments and markets Deals with the oil market itself taking each segment in turn, explaining how the various trading instruments work and describing the markets that have evolved to trade them. It starts with the physical oil markets, moving on to forward and futures markets, followed by options and swaps. Administration Covers the essential 'back-room' activities without which oil trading could not continue. It includes practical material on operations and logistics, credit control, accounting, taxation, contracts and regulation, and controlling financial risk, providing a unique guide to the subject. Compiled from the contributions of a range of internationally respected professionals, it is the indispensable practical companion for all those involved with trading in this complex commodity. Revised and updated 2003

UBS Payroll is able to convert net salaried data to text format via computer program that offers credit salary facilities. It is an effective system for all types of businesses and industries to help small and medium-sized companies to manage their personnel effectively and efficiently.

Number of Exhibits: 3 Received document entitled: SUPPLEMENTAL REQUEST FOR JUDICIAL NOTICE

Succeed on the job--and in your course--and prepare for the Certified Paralegal examination with the NALA Manual. More than 100 leading authorities with a wide range of experience in legal disciplines and management have contributed to this comprehensive manual since it was introduced in 1976. Covering all the skills required of paralegals today, the updated manual includes a collection of successful solutions to actual assignments accomplished by working paralegals nationwide. These proven techniques and procedures can be used as starting points from which you can make changes, adaptations, and modifications when you encounter similar situations on the job. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The manual is highly organized for ease of use and divided into the following major sections: - Commodity Index (how-to import data for each of the 99 Chapters of the U.S. Harmonized Tariff Schedule)- U.S. Customs Entry and Clearance- U.S. Import Documentation- International Banking and Payments (Letters of Credit)- Legal Considerations of Importing- Packing, Shipping & Insurance- Ocean Shipping Container Illustrations and Specifications- 72 Infolists for Importers

You are just a short read away from mastering this essential skill.

With the rapid and unprecedented global expansion of the art market, new collectors are emerging every day. When buying art, whether for pure enjoyment, for investment or some other motive, few art collectors consider the practical and financial implications of owning and maintaining art, and many do not have a plan for how they might eventually dispose of it. This book, probing a number of resources and incorporating advice from top experts in the field, offers guidance on collection management and care, and serves as an important reference guide for collectors and those charged with managing collections.
