Beast Academy | Advanced Math Curriculum for Elementary School

No doubt after finishing Math Olympiad Contest Problems, Volume 2, you will be going straight for Math Olympiad Contest Problems: Volume 3. I've worked every problem contained in these two books, and I am somewhat pleased with this edition. Some problems are simply repeated from the past 2 books, just reworded a bit differently or with different numbers. Very few are extremely unclear that I absolutely had idea what the author is asking for.
