When a letter is found in a secret drawer discussing a wonderful event that happened on Christmas during wartime in 1914, the finder of the letter returns it to the addressee who is living in a nursing home.

Gives an understanding of the glorious intellectual and spiritual tradition of (a) great country.' Albert Einstein Written over five months when Jawaharlal Nehru was imprisoned in the Ahmadnagar Fort, The Discovery of India has acquired the status of a classic since it was first published in 1946. In this work of prodigious scope and scholarship, one of the greatest figures of Indian history unfolds the panorama of the country's rich and complex past, from prehistory to the last years of British colonial rule. Analysing texts like the Vedas and the Arthashastra, and personalities like the Buddha and Mahatma Gandhi, Nehru brings alive an ancient culture that has seen the flowering of the world's great traditions of philosophy, science and art, and almost all its major religions. Nehru's brilliant intellect, deep humanity and lucid style make The Discovery of India essential reading for anyone interested in India, both its past and its present.

When the world was new, the camel, a creature of 'scruciating idleness, said "Humph!" too often and received for all time a hump[h] from the Djinn of All Deserts.

Looking for NCERT (NCERT) solutions for class 10th Mathematics (Ganit) chapter 3 - Pair of Linear Equations in Two Variables? You've reached the right place.
