Organization Structures - Theory and Design, Analysis and ...

The human relations theory, also known as neo-classical theory, states that while designing an organisation structure, the people who are employed there and their behaviour should be taken into consideration. No manager can think solely of job descriptions, he has also to think of why people behave as they do and what influences their behaviour.

Organizational design theory is a framework that outlines how a company structures itself for completing normal activities. Many types of organizational designs are available, with each one offering specific advantages and disadvantages. In some cases, there is no set meeting in a company where it decides on organizational design theory.
