deeply affect the human personality and so subtly weave their way through human society? Introducing Religion: Readings from the Classic Theorists presents eleven key texts from influential theorists who played a pivotal role in the modern enterprise of explaining the phenomenon of religion. These writings seek to account for the origin, function, and enduring human appeal of religion by drawing on methods of scientific scholarship unconstrained by theological creeds or confessional commitments. An ideal companion to author Daniel L. Pals' textbook, *Eight Theories of Religion*, Second Edition, or other beginning texts, *Introducing Religion* opens with selections from the works of Edward Burnett Tylor and James
