"Darkly funny and sexy-literary escapism at its finest." -Independent By day, Petra Flint is a talented jeweler working in a lively London studio. By night, she's a sleepwalker troubled by a past she can't put to bed and a present that leaves her clinging to an unsuitable boyfriend. Arlo Savidge was once a budding heartthrob musician. Then tragedy struck and he chose to forsake stardom and all future affairs of the heart for a quiet life in the countryside as a music teacher. Pillow Thoughts is a collection of poetry and prose about heartbreak, love, and raw emotions. It is divided into sections to read when you feel you need them most.

Step 1: Dump Mr. Wrong. . . Philomena Donovan just broke up with the perfect guy, Barry's rich, handsome, and sweet as can be. In short, he's wonderful. . .for somebody else. So it's bye-bye Barry/until Mena needs him back, not for romance, but to get to see one up on her superior sister, Daphne. There's just one hitch: Barry's met his soul mate/and it's not Philomena. . . Step 2: Date Mr. Right. . . On to Plan B: Make Barry look bad in front of his new girlfriend and snag him on the rebound. Mena even spices up the brew by dating Barry's best friend, Rio. If this doesn't lure her ex back into the fold, nothing will. Then the unthinkable occurs. . . Step 3: Pick up the Pieces. . . Love. It wasn't supposed to happen, not with Rio at least. Sure, he's gorgeous, funny, and smart, but someone who teaches boxing for a living will never get her parents' stamp of approval. And when Rio finds out what Mena's really been up to, it's time for some serious damage control. Now, if she wants to make things right, Philomena will have to start thinking with her heart. . . "Perry's strong writing and humorous banter make this story enjoyable." --RT Book Reviews

Suddenly Jessica's not sure whether her job will get axed if a merger with a rogue company goes through. She wants to ignore the man who's turning her world upside down, but instead he's turning her on! Adam Taylor never expected to find his dream woman. And he certainly never expected her to be the fireball in the power suit, who's making him want her in as many positions as possible. But when they make a bet to keep their hands to themselves for ten whole days, Adam's not sure he can keep up his side of the bargain! Besides, what's one kiss? Unless it leads to a whole lot more!

A quirky romance about sisters! And coming home. [!So funny, yet very romantic as well!](#) [!](#) Goodreads Reviewer After catching her research partner-slash-fiancé with the intern, Dr. Daphne Donovan returns home to lick her wounds and figure out how to fix her life. It doesn't take a genius to figure it out: being an uber-brilliant Doogie Howser has made her life miserable while all the normal people she knows are happy and content. There's only one thing to do: become normal. No more being the wunderkind of childhood disease research. All she wants is a regular nine to five job, two-point-five children, a white picket fence, and a blue collar husband. Except normal isn't all it's cracked up to be, especially after she meets Ulysses Gray. Gray is everything she doesn't want: smart, incredibly handsome, and a doctor—just like her ex-fiancé. She wants to deny him—and herself—but she can't resist playing doctor...
