The Greek lyric, elegiac, and iambic poets of the two centuries from 650 to 450 BC - Archilochus and Alcman, Sappho and Mimnermus, Anacreon, Simonides, and the rest - produced some of the finest poetry of antiquity, perfect in form, spontaneous in expression, reflecting all the joys and anxieties of their personal lives and of the societies in which they lived. This new poetic translation by a leading expert captures the nuances of meaning and the whole spirit of this poetry as never before. It is not merely a selection but covers all the surviving poems and intelligible fragments, apart from the work of Pindar and Bacchylides, and includes a number of pieces not previously translated. The Introduction gives a brief account of the poets, and explanatory Notes on the texts will be found at the end.

Includes poems by Sappho, Anyte, Glykon, Antipatros, Leonidas, Asklepiades, and Ammianos.

An accessible selection of pagan Greek poetic texts ranging in date from the first to the sixth century AD.

A beautiful Pocket Poet selection of short poems, odes, and epigrams from ancient Greece, translated into English by a wide array of distinguished translators and poets. Poems from Greek Antiquity presents a gloriously compact treasury of the enduring and influential poems of the ancient Greeks. Greek literature abounds in masterpieces, the most famous of which are lengthy epics, but it is also rich in poems of much smaller compass than The Iliad or The Odyssey. The short poems, odes, and epigrams included in this volume span a vast period of more than a thousand years. Included here are selections from the early lyric and elegiac poets, the Alexandrian poets, Alcaeus, Sappho, Pindar, and many more. Here, too, are poems drawn from the celebrated Greek Anthology, and from the Anacreontea, the collection of odes on the pleasures of drink, love, and beauty that have been popular for centuries both in the original Greek and in English. Excerpts from somewhat longer poems include Percy Bysshe Shelley's "Homeric Hymn to Mercury" and the hugely entertaining Homeric pastiche "The Battle of the Frogs and Mice." The English translations in this volume are works of art in their own right and come from a wide range of remarkable poets and translators, ranging from George Chapman in the seventeenth century to Robert Fagles in the twentieth.

Lush Diodorus sets the lads on fire, But now another has him in his net - Timarion, the boy with wanton eyes . . . Meleager, AP 12.109 Encompassing four thousand short poems and more, the ramshackle classic we call the Greek Anthology gathers up a millennium of snapshots from ancient daily life. Its influence echoes not

merely in the classic tradition of the English epigram (Pope, Dryden) but in Rudyard Kipling, Ezra Pound, Virginia Woolf, T. S. Eliot, H.D., and the poets of the First World War. Its variety is almost infinite. Victorious armies, ruined cities, and Olympic champions share space with lovers' quarrels and laments for the untimely dead - but also with jokes and riddles, art appreciation, potted biographies of authors, and scenes from country life and the workplace. This selection of more than 600 epigrams in verse is the first major translation from the Greek Anthology in nearly a century. Each of the Anthology's books of epigrams is represented here, in manuscript order, and with extensive notes on the history and myth that lie behind them.

From the Publisher: This volume is the first-ever collection of poems in English by 49 prominent Greek-American poets from throughout the United States. The poems cover a variety of topics and styles.
