Simply Feminine is a groundbreaking look at a rarely-explored topic: how men view women's femininity. After a decade of research and thousands of hours talking with men, Morgan Wonderly has uncovered timeless truths about femininity that were buried under negative cultural attitudes. Simply Feminine gives men a voice on a subject previously off-limits to them. This eye-opening guide confirms femininity is the greatest forces on the planet! It is femininity that influences and inspires realmen to fully show up as providers, protectors, and heroes. The author puts to rest, once and for all, the widespread notion that to be feminine is to be weak or subordinate, when nothing could be further from the truth.

Includes a preview of Mothering from Your Center, the next book from Tami Lynn Kent. Wild Feminine: Finding Power, Spirit, & Joy in the Female Body offers a unique, holistic approach to reclaiming the power, spirit, and joy of the female body and to understanding its connection to creative energy flow. By restoring physical and energetic balance in the pelvic bowl, women can learn to care for themselves in a nourishing and respectful manner, heal spiritual fractures, and renew their relationship with the sacred feminine. Although the feminine body is an access point to the greater realm of the spirit, many women have lost their connection to this source. Author Tami Kent, MSPT, has an answer. Drawing from her experiences as a woman's health physical therapist who works with the physical body and female energy system, Kent provides a framework for healing the body and navigating the realms of feminine spirit. Through pelvic bodywork, healing stories, visualizations, rituals, and creative exercises, women can explore the deep and natural wisdom inherent in the female body. Wild Feminine reveals the amazing potential of the female body: the potential to create, to heal, and to transform the energy of a woman's everyday life. Journey deep into the heart of your body. Travel the terrain of feminine wounds. Go to your root place, the center of all womanhood and radically shift your relationship with your body and spirit. Wild Feminine gives you the tools to awaken and retrieve your ancient wild self, restore your creative energy, and reconnect to your sacred center.

A tantric guide to discovering the hidden gifts of menopause | Explains why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy | Details tantric practices and tools to connect with the body's inner intuitive wisdom, remove the performance pressure of conventional sex, and set the stage for passion and pleasure to thrive both in the bedroom and beyond | Explores what to expect physically, emotionally, and spiritually, and in relationships As women, we live so closely to the body--through menstruation, pregnancy, birthing, motherhood, and then menopause. Each of these transitions changes a woman in a multitude of ways, most of which are celebrated. Yet menopause often causes women to feel despondent, as if our bodies are broken or deficient, especially when it comes to sex and intimacy. However, as tantric teachers Diana Richardson and Janet McGeever show, menopause has many hidden gifts to offer if we learn to embrace rather than suppress the changes this natural transition brings. Shining the light of tantric intelligence on menopause, the authors reveal how to explore and experience menopause in a radically positive fashion, suffused with a sense of vital awakening and [re-wilding] of a woman's sexuality, creativity, and spirituality. Explaining what to expect physically, emotionally, and spiritually, as well as what it means for relationships, they detail tantric practices and tools to connect with the body's inner intuitive wisdom and heart energies, remove the performance pressure of conventional sex, and set the stage for passion and pleasure to thrive both in the bedroom and beyond. They explain why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy. They explore how, in Tantra, sex is practiced not for the sake of sex itself but as an instrument for going [beyond] sex, for better health, improved relationships, enhanced self-control and emotional balance, and even higher states of consciousness. They also offer many self-help practices, exercises, and meditations to reinforce a positive attitude toward menopause and overcome many of the physical and sexual problems, such as pain, dryness, loss of interest, and loss of libido. Providing a guide for women who are approaching, experiencing, or have gone through menopause, the authors show how a more informed, tantric approach to menopause allows each woman to deepen her trust in the perfect functioning of the female body, embrace her natural sexual response, and reconnect with her inner self.
