embodying the pain, the passion, and the power of love rising from the depths of our souls. Ijeoma Umebinyuo's poetry is a flower that will blossom in the spirit of every reader as she shares her heart with raw candor. From lyrical lushness to smoky sensuality to raw truths, this tome of transforming verse is the book every woman wants to write but can't until the broken mirrors of their lives have healed. In this gifted author's own words-"I am too full of life to be half-loved." A bold celebration of womanhood.

When Ada Calhoun found herself in the throes of a midlife crisis, she thought that she had no right to complain. She was married with children and a good career. So why did she feel miserable? And why did it seem that other Generation X

women were miserable, too? Calhoun decided to find some answers. She looked into housing costs, HR trends, credit card debt averages, and divorce data. At every turn, she saw a pattern: sandwiched between the Boomers and the Millennials, Gen X women were facing new problems as they entered middle age, problems that were being largely overlooked. Speaking with women across America about their experiences as the generation raised to “have it all,” Calhoun found that most were exhausted, terrified about money, under-employed, and overwhelmed. Instead of their issues being heard, they were told instead to lean in, take “me-time,” or make a chore chart to get their lives and homes in order. In *Why We Can't Sleep*, Calhoun opens up the cultural and political contexts of Gen X's predicament

and offers solutions for how to pull oneself out of the abyss—and keep the next generation of women from falling in. The result is reassuring, empowering, and essential reading for all middle-aged women, and anyone who hopes to understand them.

The Crucible meets True Grit in this riveting adventure story of a fugitive girl, a mysterious gang of robbers, and their dangerous mission to transform the Wild West. In the year of our Lord 1894, I became an outlaw. The day of her wedding, 17 year old Ada's life looks good; she loves her husband, and she loves working as an apprentice to her mother, a respected midwife. But after a year of marriage and no pregnancy, in a town where barren women are routinely hanged as witches, her survival depends on leaving behind everything she knows. She joins up with the notorious Hole in the Wall Gang, a band of outlaws led by a preacher-turned-robber known to all as the Kid. Charismatic,

grandiose, and mercurial, the Kid is determined to create a safe haven for outcast women. But to make this dream a reality, the Gang hatches a treacherous plan that may get them all killed. And Ada must decide whether she's willing to risk her life for the possibility of a new kind of future for them all. Featuring an irresistibly no-nonsense, courageous, and determined heroine, *Outlawed* dusts off the myth of the old West and reignites the glimmering promise of the frontier with an entirely new set of feminist stakes. Anna North has crafted a pulse-racing, page-turning saga about the search for hope in the wake of death, and for truth in a climate of small-mindedness and fear.

correspondent on Bill Nye Saves the World, and graduate of MIT—comes the first novel in a brand-new chapter book series about an eight-year-old girl with a knack for science, math, and solving mysteries with technology. Ada Lace—third-grade scientist and inventor extraordinaire—has discovered something awful: her neighbor's beloved Yorkie has been dognapped! With the assistance of a quirky neighbor named Nina (who is convinced an alien took the doggie) and her ever-growing collection of gadgets, Ada sets out to find the wrongdoer. As their investigation becomes more and more mysterious, Ada and Nina grow closer, proving that opposites do, in fact, attract.

One of the most far-reaching transformations in our era is

the wave of digital technologies rolling over—and upending—nearly every aspect of life. Work and leisure, family and friendship, community and citizenship have all been modified by now-ubiquitous digital tools and platforms. Digital Technology and Democratic Theory looks closely at one significant facet of our rapidly evolving digital lives: how technology is radically changing our lives as citizens and participants in democratic governments. To understand these transformations, this book brings together contributions by scholars from multiple disciplines to wrestle with the question of how digital technologies shape, reshape, and affect fundamental questions about democracy and democratic theory. As expectations have whiplashed—from Twitter optimism in the wake of the Arab Spring to Facebook

pessimism in the wake of the 2016 US election—the time is ripe for a more sober and long-term assessment. How should we take stock of digital technologies and their promise and peril for reshaping democratic societies and institutions? To answer, this volume broaches the most pressing technological changes and issues facing democracy as a philosophy and an institution.

Words, and for fans of *Fish in a Tree* and *Number the Stars*. Ten-year-old Ada has never left her one-room apartment. Her mother is too humiliated by Ada's twisted foot to let her outside. So when her little brother Jamie is shipped out of London to escape the war, Ada doesn't waste a minute—she sneaks out to join him. So begins a new adventure for Ada, and for Susan Smith, the woman who is forced to take the two kids in. As Ada teaches herself to ride a pony, learns to read, and watches for German spies, she begins to trust Susan—and Susan begins to love Ada and Jamie. But in the end, will their bond be enough to hold them together through wartime? Or will Ada and her brother fall back into the cruel hands of their mother?
