At last, readers can experience Edward's version in the long-awaited companion novel, Midnight Sun. This unforgettable tale as told through Edward's eyes takes on a new and decidedly dark twist. Meeting Bella is both the most unnerving and intriguing event he has experienced in all his years as a vampire. As we learn more fascinating details about Edward's past and the complexity of his inner thoughts, we understand why this is the defining struggle of his life. In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. This stunning set, complete with all four books, makes the perfect gift for fans of the bestselling vampire love story. Deeply romantic and extraordinarily suspenseful, Twilight, New Moon, Eclipse, and Breaking Dawn capture the struggle between defying our instincts and satisfying our desires.

A heartbreaking tale of love, loss and one nearly perfect summer -- perfect for fans of The Fault In Our Stars and Love, Simon. Seventeen-year-old Katie Price has a rare disease that makes exposure to even the smallest amount of sunlight deadly. Confined to her house during the day, her company is limited to her widowed father and her best (okay, only) friend. It isn't until after nightfall that Katie's world opens up, when she takes her guitar to the local train station and plays for the people coming and going. Charlie Reed is a former all-star athlete at a crossroads in his life - and the boy Katie has secretly admired from afar for years. When he happens upon her playing guitar one night, fate intervenes and the two embark on a star-crossed romance. As they challenge each other to chase their dreams and fall for each other under the summer night sky, Katie and Charlie form a bond strong enough to change them -- and everyone around them -- forever.

Newly turned vampire Bree Tanner lives in terror -- and must find her way out of untold danger -- in this pulse-pounding novella, a companion to Eclipse. Bree Tanner, a self-described "vampire nerd" first introduced in Eclipse, lives in terror in a coven of newborn vampires. She is a member of Victoria's vampire army, and as that army closes in on Bella Swan and the Cullens, she finds her first friend and discovers a truth about daylight. While fans may know how it ends, they don't yet have the full story: Bree's tale of danger, mystery, and romance is one for the books. In this gripping page-turner, an ex-agent on the run from her former employers must take one more case to clear her name and save her life. She used to work for the U.S. government, but very few people ever knew that. An expert in her field, she was one of the darkest secrets of an agency so clandestine it doesn't even have a name. And when they decided she was a liability, they came for her without warning. Now she rarely stays in the same place or uses the same name for long. They've killed the only other person she trusted, but something she knows still poses a threat. They want her dead, and soon. When her former handler offers her a way out, she realizes it's her only chance to erase the giant target on her back. But it means taking one last job for her ex-employers. To her horror, the information she acquires only makes her situation more dangerous. Resolving to meet the threat head-on, she prepares for the toughest fight of her life but finds herself falling for a man who can only complicate her likelihood of survival. As she sees her choices being rapidly whittled down, she must apply her unique talents in ways she never dreamed of. In this tautly plotted novel, Meyer creates a fierce and fascinating new heroine with a very specialized skill set. And she shows once again why she's one of the world's bestselling authors.

Read the series that's sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he'd love to sing the praises of his book (he is very vain), he wouldn't want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn't want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

Melanie Stryder refuses to fade away. The earth has been invaded by a species that take over the minds of their human hosts while leaving their bodies intact, and most of humanity has succumbed. Wanderer, the invading "soul" who has been given Melanie's body, knew about the challenges of living inside a human: the overwhelming emotions, the too vivid memories. But there was one difficulty Wanderer didn't expect: the former tenant of her body refusing to relinquish possession of her mind. Melanie fills Wanderer's thoughts with visions of the man Melanie loves -- Jared, a human who still lives in hiding. Unable to separate herself from her body's desires, Wanderer yearns for a man she's never met. As outside forces make Wanderer and Melanie unwilling allies, they set off to search for the man they both love. Featuring what may be the first love triangle involving only two bodies, The Host is a riveting and unforgettable novel that will bring a vast new readership to one of the most compelling writers of our time.

A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love
