The 48 Laws of Power by Robert Greene is amazing.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of The Laws of Human Nature. In the book that People magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, The 48 Laws of Power is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Draws on the philosophies of Machiavelli, Sun-tzu, Von Clausewitz, and others, combining them with the legacies of powerful people throughout history to offer essential ideas of the ways of power.

Le pouvoir... on le désire, on le craint, on s'en protège... « Le sentiment de n'avoir aucun pouvoir sur les gens et les événements est difficilement supportable : l'impuissance rend malheureux. Personne ne réclame moins de pouvoir, tout le monde en veut davantage. » Amoral, intelligent, impitoyable et captivant, cet ouvrage colossal condense 3 000 ans d'histoire du pouvoir en 48 lois. Véritable manuel de la manipulation, il analyse la quintessence de cette sagesse millénaire, tirée de la vie des plus illustres stratèges (Sun Zi, Clausewitz), hommes d'État (Louis XIV, Bismarck, Talleyrand), courtisans (Castiglione, Gracián), séducteurs (Ninon de Lenclos, Casanova) et escrocs de l'histoire. Certaines lois reposent sur la prudence (loi no 1 : Ne surpassez jamais le maître), d'autres demandent de la dissimulation (loi no 7 : Laissez le travail aux autres, mais recueillez-en les lauriers), d'autres encore une absence totale de compassion (loi no 15 : Écrasez complètement l'ennemi). Toutes ces lois trouveront des applications dans votre vie de tous les jours... Car, soyez en certain : le monde est une immense cour où se trament toutes sortes d'intrigues. Au lieu de nier l'évidence, tâchez d'exceller dans la course au pouvoir. Des extraits, des vidéos, des interviews de Robert Greene sur son site www.robertgreene.fr

From the world's foremost expert on power and strategy comes a daily devotional designed to help you seize your destiny. Robert Greene, the #1 New York Times bestselling author, has been the consigliere to millions for more than two decades. Now, with entries that are drawn from his five books, plus never-before-published works, The Daily Laws offers a page of refined and concise wisdom for each day of the year, in an easy-to-digest lesson that will only take a few minutes to absorb. Each day features a Daily Law as well—a prescription that readers cannot afford to ignore in the battle of life. Each month centers around a major theme: power, seduction, persuasion, strategy, human nature, toxic people, self-control, mastery, psychology, leadership, adversity, or creativity. Who doesn't want to be more powerful? More in control? The best at what they do? The secret: Read this book every day. "Daily study," Leo Tolstoy wrote in 1884, is "necessary for all people." More than just an introduction for new fans, this book is a Rosetta stone for internalizing the many lessons that fill Greene's books and will reward a lifetime of reading and rereading.

Why do people ignore our ideas or support them? Agree with our positions or undermine them? Tune out when we speak or give us undivided attention? Why do most of us fail to persuade others? Fail to formulate convincing arguments? Fail to speak with confidence and fail to get our way? And why do some lawyers and legal professionals quickly soar above the competition, their words carrying immense weight, while others struggle to communicate effectively? 53 little-known, cutting-edge, and revolutionary (but practically unheard-of) scientific studies present a virtually unknown answer based on irrefutable empirical evidence... The answer? If you can't speak with eloquence, your words don't count. This undermines your professional image and stagnates your career, holding you back and sabotaging your ideas. Eloquent words outperform their weak counterparts. Eloquent words convince. They compel. They captivate. They persuade. They move hearts and minds. And they can change the world. What are the hidden secrets of words that change the world? This concise new release by an Amazon best-selling author dissects the little-known "eloquence secrets" of two of the most impactful messages in the history of American political persuasion. These messages defined the ethos of both major parties, shaped the political discussions we have decades later, and redefined the very meaning of America.
