Remarkably, they were also Jewish, at least as defined by Hitler's infamous race laws. Pursuing the thread he first unraveled in *Hitler's Jewish Soldiers*, Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish. In this long-awaited companion volume, he presents interviews with twenty-one of these men, whose stories are both fascinating and disturbing. As many as 150,000 Jews and partial-Jews (or Mischlinge) served, often with distinction, in the German military during World War II. The men interviewed for this volume portray a wide range of experiences—some came from military families, some had been raised Christian—revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps. Yet most continued to serve, since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families. The interviews recount the nature and extent of their dilemma, the divided loyalties under which many toiled during the Nazi years and afterward, and their sobering reflections on religion and the Holocaust, including what they knew about it at the time. Rigg relates each individual's experiences following the establishment of Hitler's race laws, shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members. Their stories reveal the constant tension in their lives: how some tried to hide their identities, and how a few were even "Aryanized" as part of Hitler's effort to retain reliable soldiers—including Field Marshal Erhard Milch, three-star general Helmut Wilberg, and naval commander Bernhard Rogge. Chilling, compelling, almost beyond belief, these stories depict crises of conscience under the most stressful circumstances. *Lives of Hitler's Jewish Soldiers* deepens our understanding of the complex intersection of Nazi race laws and German military

service both before and during World War II.

The author explores the often overlooked historical issue of Jews or "partial Jews" serving in the Germany military--as many as 150,000 men who served as enlisted men, officers, and even generals. (Military History)

NEW YORK TIMES Bestseller "An irresistible history of the WWII Jewish refugees who returned to Europe to fight the Nazis." —Newsday They were young Jewish boys who escaped from Nazi-occupied Europe and resettled in America. After the United States entered the war, they returned to fight for their adopted homeland and for the families they had left behind. Their stories tell the tale of one of the U.S. Army's greatest secret weapons. Sons and Soldiers begins during the menacing rise of Hitler's Nazi party, as Jewish families were trying desperately to get out of Europe. Bestselling author Bruce Henderson captures the heartbreaking stories of parents choosing to send their young sons away to uncertain futures in America, perhaps never to see them again. As these boys became young men, they were determined to join the fight in Europe. Henderson describes how they were recruited into the U.S. Army and how their unique mastery of the German language and psychology was put to use to interrogate German prisoners of war. These young men—known as the Ritchie Boys, after the Maryland camp where they trained—knew what the Nazis would do to them if they were captured. Yet they leapt at the opportunity to be sent in small, elite teams to join every major combat unit in Europe, where they collected key tactical intelligence on enemy strength, troop and armored movements, and defensive positions that saved American lives and helped

win the war. A postwar army report found that nearly 60 percent of the credible intelligence gathered in Europe came from the Ritchie Boys. *Sons and Soldiers* draws on original interviews and extensive archival research to vividly re-create the stories of six of these men, tracing their journeys from childhood through their escapes from Europe, their feats and sacrifices during the war, and finally their desperate attempts to find their missing loved ones. *Sons and Soldiers* is an epic story of heroism, courage, and patriotism that will not soon be forgotten.

When Hitler invaded Warsaw in the fall of 1939, hundreds of thousands of civilians—many of them Jewish—were trapped in the besieged city. The Rebbe Joseph Schneersohn, the leader of the ultra-orthodox Lubavitcher Jews, was among them. Followers throughout the world were filled with anguish, unable to confirm whether he was alive or dead. Working with officials in the United States government, a group of American Jews initiated what would ultimately become one of the strangest—and most miraculous—rescues of World War II. The escape of Rebbe Schneersohn from Warsaw has been the subject of speculation for decades. Historian Bryan Mark Rigg has now uncovered the true story of the rescue, which was propelled by a secret collaboration between American officials and leaders of German military intelligence. Amid the fog of war, a small group of dedicated German soldiers located the Rebbe and protected him from suspicious Nazis as they fled the city together. During the course of the mission, the Rebbe learned the shocking truth about the leader of the rescue operation, the decorated Wehrmacht soldier Ernst Bloch: he was himself half-Jewish, and a victim of the rising tide of German antisemitism. A harrowing story about identity and moral responsibility, *Rescued from*

the Reich is also a riveting narrative history of one of the most extraordinary rescue missions of World War II.

THE INSTANT NEW YORK TIMES BESTSELLER! Also on the USA Today, Washington Post, Boston Globe, Globe and Mail, Publishers Weekly, and Indie bestseller lists. One of the most important stories of World War II, already optioned by Steven Spielberg for a major motion picture: a spectacular, searing history that brings to light the extraordinary accomplishments of brave Jewish women who became resistance fighters—a group of unknown heroes whose exploits have never been chronicled in full, until now. Witnesses to the brutal murder of their families and neighbors and the violent destruction of their communities, a cadre of Jewish women in Poland—some still in their teens—helped transform the Jewish youth groups into resistance cells to fight the Nazis. With courage, guile, and nerves of steel, these “ghetto girls” paid off Gestapo guards, hid revolvers in loaves of bread and jars of marmalade, and helped build systems of underground bunkers. They flirted with German soldiers, bribed them with wine, whiskey, and home cooking, used their Aryan looks to seduce them, and shot and killed them. They bombed German train lines and blew up a town’s water supply. They also nursed the sick, taught children, and hid families. Yet the exploits of these courageous resistance fighters have remained virtually unknown. As propulsive and thrilling as *Hidden Figures*, *In the Garden of Beasts*, and *Band of Brothers*, *The Light of Days* at last tells the true story of these incredible women whose courageous yet little-known feats have been eclipsed by time. *Judy Batalion*—the granddaughter of Polish Holocaust survivors—takes us back to 1939 and introduces us to Renia Kukielka, a weapons smuggler and messenger who risked death

Acces PDF S Jewish Soldiers The Untold Story Of Racial Laws And Men Of Jewish Descent In The German Military Modern War

traveling across occupied Poland on foot and by train. Joining Renia are other women who served as couriers, armed fighters, intelligence agents, and saboteurs, all who put their lives in mortal danger to carry out their missions. Batalion follows these women through the savage destruction of the ghettos, arrest and internment in Gestapo prisons and concentration camps, and for a lucky few—like Renia, who orchestrated her own audacious escape from a brutal Nazi jail—into the late 20th century and beyond. Powerful and inspiring, featuring twenty black-and-white photographs, *The Light of Days* is an unforgettable true tale of war, the fight for freedom, exceptional bravery, female friendship, and survival in the face of staggering odds.

“Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees—a top-secret band of brothers—who waged war on Hitler.”—Alex Kershaw, *New York Times* best-selling author of *The Longest Winter* and *The Liberator* The incredible World War II saga of the German-Jewish commandos who fought in Britain’s most secretive special-forces unit—but whose story has gone untold until now June 1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes—their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique

Acces PDF S Jewish Soldiers The Untold Story Of Racial Laws And Men Of Jewish Descent In The German Military Modern War

band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp—the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. “Garrett’s detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge.”—Wendy Lower, author of *The Ravine* and National Book Award finalist *Hitler’s Furies*

Amid the dark, ghastly history of World War II, the literally extraordinary story, never before fully researched by a historian, of how the Danish people banded together to save their fellow Jews from the Nazis—told through the remarkable unpublished diaries and documents of families forced to run for safety, leaving their homes and possessions behind, and of those who courageously came to their aid. In 1943, with its king and administration weakened but intact during the Nazi occupation, Denmark did something that no other country in Western Europe even attempted. Anticipating that the German occupying powers would soon issue the long-feared order to round up the entire population of Jews for deportation to concentration camps, the Danish people stood up in defiance and resisted. The king, politicians, and ordinary civilians were united in their response—these threatened people were not simply Jews but fellow Danes who happened to be Jewish, and no one would help in rounding them up for confinement and deportation. While diplomats used their limited but very real power to maneuver and impede matters in both Copenhagen and Berlin, the warning that the crisis was at hand quickly spread through the Jewish community. Over fourteen harrowing days, as they

Acces PDF S Jewish Soldiers The Untold Story Of Racial Laws And Men Of Jewish Descent In The German Military Modern War

Countrymen were helped, hidden, and protected by ordinary people who spontaneously rushed to save their fellow citizens, an incredible 7,742 out of 8,200 Jewish refugees were smuggled out all along the coast—on ships, schooners, fishing boats, anything that floated—to Sweden. While the bare facts of this exodus have been known for decades, astonishingly no full history of it has been written. *Countrymen* unfolds on a day-to-day basis, bringing together accounts written by individuals and officials as events happened, offering a comprehensive overview that underlines occupied Denmark's historical importance to Hitler as a prop for the model Nazi state and revealing the savage conflict among top Nazi brass for control of the country. This is a story of ordinary glory, of simple courage and moral fortitude that shines out in the midst of the terrible history of the twentieth century and demonstrates how it was possible for a small and fragile democracy to stand against the Third Reich.

Offers a definitive account of the debate over a controversial deal between Palestine and Nazi Germany that virtually tore apart the Jewish world in the pre-World War II era, ultimately saving lives and rescuing assets, but only after allowing the Nazi regime to survive its first year.

Reprint.

Spy, businessman, bon vivant, Nazi Party member, Righteous Gentile. This was Oskar Schindler, the controversial savior of almost 12,000 Jews during the Holocaust who struggled afterwards to rebuild his life and gain international recognition for his wartime deeds. Author David Crowe examines every phase of the subject's life in this landmark biography, presenting a figure of mythic proportions that one prominent Schindler Jew described as "an extraordinary

Acces PDF S Jewish Soldiers The Untold Story Of Racial Laws And Men Of Jewish Descent In The German Military Modern War

man in extraordinary times.”

New York Times Bestseller “[A] fascinating, engrossing, often dark history of drug use in the Third Reich.” — Washington Post The Nazi regime preached an ideology of physical, mental, and moral purity. Yet as Norman Ohler reveals in this gripping new history, the Third Reich was saturated with drugs: cocaine, opiates, and, most of all, methamphetamines, which were consumed by everyone from factory workers to housewives to German soldiers. In fact, troops were encouraged, and in some cases ordered, to take rations of a form of crystal meth—the elevated energy and feelings of invincibility associated with the high even help to account for the breakneck invasion that sealed the fall of France in 1940, as well as other German military victories. Hitler himself became increasingly dependent on injections of a cocktail of drugs—ultimately including Eukodal, a cousin of heroin—administered by his personal doctor. Thoroughly researched and rivetingly readable, *Blitzed* throws light on a history that, until now, has remained in the shadows. “Delightfully nuts.” — The New Yorker

NORMAN OHLER is an award-winning German novelist, screenwriter, and journalist. He is the author of the novels *Die Quotenmaschine* (the world’s first hypertext novel), *Mitte*, and *Stadt des Goldes* (translated into English as *Ponte City*). He was cowriter of the script for Wim Wenders’s film *Palermo Shooting*. He lives in Berlin.
