Saxon Math is one of the oldest homeschool curriculum standbys there is. The original first and second edition hardback texts, published in the late 80’s through the 90’s are still bought and sold all the time at curriculum sales. Even now in 2016, they are still holding up to family after family and child after child.

We home-schooled our children and put them through the entire Saxon 2nd Edition series. All three kids were able to start college at the age of 16, and aced College Algebra. I don’t recommend the newer additions because another company bought Saxon and added Common Core and State Standards to the curriculum.
