The method incorporates second language acquisition research in a communicative classroom. A discussion of the importance of SLA research to teachers is followed by the selection of learner readiness and focus on form as two areas that a teacher might want to apply in an adult ESL classroom.

Applying SLA Research and Theory To Practice: What Can a ...

Second language acquisition, or SLA, has two meanings. In a general sense it is a term to describe learning a second language. More specifically, it is the name of the theory of the process by which we acquire - or pick up - a second language. This is mainly a subconscious process which happens while we focus on communication.

ERIC - ED421866 - SLA Research and Language Teaching, 1997

There are those who maintain that SLA must be applicable to L2 pedagogy: a view based on the argument that because SLA is a subfield of applied linguistics, it should have direct relevance to L2 teaching. Others take the view that not all areas of SLA research need to be relevant to L2 pedagogy – only the more 'applied' areas.
