"This volume reviews indigenous ecotourism as a special type of nature-based tourism and examines the key principles of conservation and community benefits from indigenous-owned and operated ecotourism businesses or joint ventures. It compares indigenous ecotourism in developed and developing countries and provides global case studies of indigenous ecotourism projects in the Pacific Islands, Africa, Latin America and Southeast Asia. The book analyses key factors and constraints for sustainable development of Indigenous ecotourism and explores the growing links between biodiversity conservation, ecotourism and indigenous rights. It will appeal to practitioners, researchers and students in ecotourism and sustainable tourism, indigenous studies, conservation, natural resource management and community development."--BOOK JACKET.
