An air of melancholy pervades Irene Nemirovsky's 'Suite Française', due both to the novellas themselves and to the circumstances in which they were written - and those that prevented the author finishing the suite. Unlike all those post-WWII films churned out in the 1960s with their black-and-white morality that made all Germans evil Nazis, Suite Française seemingly achieves the impossible by being authored during the Occupation by a Jewish woman who manages to sympathetically portray forbidden love between a Frenchwoman and a young German officer who find themselves caught up in a situation of moral ambiguity.
