Bring a family of four to an NBA game today, and it costs around \$500 to watch a bunch of seven-footers take bad shots. Perhaps the quote often attributed to P.T. Barnum is true—there really is a sucker born every minute. The NBA is in trouble. And as NBA agent Keith Glass describes it—he's part of the problem! If team owners are willing to throw millions of dollars his way for marginal players, why should he be the only one with the self-restraint to say "no"? In his insightful, funny, and often mind-numbingly bizarre tales of life in the NBA over the last twenty-five years, Keith Glass lets it fly from half-court. He'll tell you how we got to the present state—where an agent who makes millions off the game can't sit through one; why our NBA stars couldn't capture Olympic gold; and why the game he loves is in dire need of help. Glass has seen it all as the representative of players like Mark Eaton, the seven-foot-five center found working as a mechanic because he hated basketball; Mahmoud Abdul-Rauf, who converted to Islam and brought the wrath of the league upon him when he refused to stand for the National Anthem; and first-round draft pick Quincy Douby, who was forced to enter the draft before graduating from Rutgers because of the harsh NCAA rules regarding college eligibility. With informative chapters such as "How to Feed Your Family on Only \$14 Million a Year," "Eighty-one Feet of White Centers," and "From 6'11" to the 7-Eleven," Glass shatters the myth of NBA marketing: that everything about the game is great, and that as long as the fans in the luxury boxes are happy and weighed down with expensive merchandise, all is well. But have no fear! Keith Glass doesn't preach about the evils of highlight film slam-dunks—he'll just have you falling down laughing as he flagrantly fouls the league that was once the envy of the pro sports world.

The Historical Dictionary of Basketball is a comprehensive account of all forms of basketball—amateur, professional, men's, women's, Olympic, domestic, and international—from its invention in 1891 by Dr. James Naismith through the present day. This is done through a chronology, an introductory essay, an extensive bibliography, and over 600 cross-referenced dictionary entries on the people, places, teams, and terminology of the game.

Every spring, thousands of ball players across the country step back to the nineteenth century to play vintage base ball using the equipment, uniforms, rules, and customs of the game's early years. A unique combination of athletic contest, living history, and outdoor theatre, vintage base ball transports players and spectators alike to that fascinating and innocent time when athletes gathered on the diamond for recreation, exercise, and pure enjoyment. This lore-laden how-to provides all the information needed to play this entertaining, educational, and fast-growing game and to present it properly to the public, covering everything from historically accurate equipment and etiquette to the rules of play and game-day preparations.

The National Basketball Association used to be a unified league featuring high powered teams with great players who put on explosive shows night after night to the delight of their admiring fans. The league featured great stars like Wilt Chamberlain, Bill Russell, Elgin Baylor, and Jerry West who consistently displayed offensive versatility as well as defensive prowess. The NBA of some 50 years ago had no more than six or eight teams, but all of them were highly skilled and explosive. But today the NBA has fallen on hard times at least in the artistic sense. In his new book *How Sweet It Was: And How the NBA Can Return to Greatness*, writer Joe Delmore outlines what made the league great and how it has fallen from those graces. He pays particular attention to the overpaid athletes, coaches with no authority, and selfish players with poorly developed basketball skills. The media, particularly cable television, shines a constant spotlight on these overcompensated athletes. In his new book, the author outlines several concrete steps that should return professional basketball to a semblance of its former glory. Players will receive better training and more classroom exposure, and contracts will be limited by their very nature. The author also outlines steps on how to improve the coaching profession. If these measures are undertaken, a revitalized NBA will take shape, and fans will gain a new appreciation of the game.

Superagent David Falk -- the man who called the shots for some of the greatest heroes in the history of basketball -- reveals the innovative business secrets that catapulted him to the top of his game. David Falk is the most successful agent in the game of basketball. He has represented more NBA first-round draft selections, lottery picks, Rookies-of-the-Year, and All-Stars than anyone else in the business. He changed the NBA's entire salary structure with a unique approach to negotiations that garnered some of the biggest contracts in league history, including Alonzo Mourning's \$100-plus million contract with the Miami Heat -- the first ever in professional sports. His groundbreaking Nike deal for Michael Jordan, the most successful endorsement relationship in history, revolutionized basketball by creating the game's first commercial superstar. *Basketball Digest* called Falk one of the sport's most influential people, second only to NBA commissioner David Stern. In *The Bald Truth*, Falk, respected throughout the industry as an innovator, candidly unveils the business secrets that have fueled his extraordinary success. For the first time, he shares the fascinating insider details of how he negotiated lucrative contracts, learned from his mistakes, and branded and marketed not only the greatest basketball stars in history but also other elite athletes and coaches. Falk is blunt, he's fair, and he looks at the long run rather than the short-term gains. To make a great deal, he believes, both sides have to win. He adheres to steadfast principles, some of which he learned from the celebrated champion athletes and revered coaching legends -- like Georgetown's John Thompson and Duke's Mike Krzyzewski -- who have been long-standing clients and lifelong friends. Since Falk began representing athletes more than thirty-five years ago, basketball has grown from a fledgling team sport to a multibillion-dollar business with celebrity players, powerful endorsement deals, salary caps, and ever-evolving free agency rules. He has made millions of dollars for himself and his clients, but today he remains in the business for one reason: love of the game -- on and off the court.

## Online Library Taking Shots Tall Tales Bizarre Battles And The Incredible Truth About The Nba

Tall tales of weird wonder and ten-gallon terror, from grizzled outlaws Jackson Lowry (Great West Detective Agency), C, Courtney Joyner (Shotgun), Scott S. Phillips (Squirrel Eyes) and Axel Howerton (Hot Sinatra), alongside furious fiction from young guns like R. Overwater, Allan Williams, Grady Cole and Craig Garrett. TALL TALES OF THE WEIRD WEST only from Coffin Hop Press!

Fiction. When Tommy's parents abandon him as a baby, his grandmother Gaga takes him to her reclusive house at the top of Pike's Peak. Gaga's parenting methods are extreme, but Tommy soon learns her eccentricities are nothing compared to the rest of his family. As he's passed between his outlandish aunts, Tommy's journey takes him to the country homestead of Aunt Tess (who hides surprising objects in her voluminous hair), the four city houses of Aunt Penny (who prefers to communicate by ESP), and the cave-like desert home of Aunt Chelsea the coyote hunter. As his cross-country romp reveals how bizarrely different families can be, Tommy begins to wonder if the conventional home he's dreamed of might not be for him after all. THE TALL TALE OF TOMMY TWICE captures the unmoored feelings of young adulthood and the complexities of American identity. It's a dazzling novel about the ineffability of childhood and the nature of family and relationships in the increasingly rootless American experience.

Brace yourself for 500 of the strangest, the funniest, the most bizarre stories you'll ever read, and they're all 100% TRUE!

THE SUNDAY TIMES BESTSELLER 'Connolly's raucous run through his life is as furious, funny and foul-mouthed as you'd expect' Sunday Times In December 2018, after fifty years of belly-laughs, energy and outrage, Billy Connolly announced his retirement from live stand-up comedy. It had been an extraordinary career. When he first started out in the late sixties, Billy played the banjo in the folk clubs of Scotland. Between songs, he would improvise a bit, telling anecdotes from the Clyde shipyard where he'd worked. In the process, he made all kinds of discoveries about what audiences found funny, from his own brilliant mimes to the power of speaking irreverently about politics or explicitly about sex. He began to understand the craft of great storytelling. Soon the songs became shorter and the monologues longer, and Billy quickly became recognised as one of the most exciting comedians of his generation. Billy's routines always felt spontaneous. He never wrote scripts, always creating his comedy freshly on stage in the presence of a live audience. A brilliant comic story might be subsequently discarded, adapted or embellished. A quick observation or short anecdote one night, could become a twenty-minute segment by the next night of a tour. Billy always brought a beautiful sense of the absurd to his shows as he riffed on his family, hecklers, swimming in the North Sea or naked bungee jumping. But his comedy can be laced with anger too. He hates pretentiousness and calls out hypocrisy wherever he sees it. His insights about the human condition have shocked many people, while his unique talent and startling appearance on stage gave him license to say anything he damn well pleased about sex, politics or religion. Billy got away with it because he has always had the popular touch. His comedy spans generations and different social tribes in a way that few others have ever managed. Tall Tales and Wee Stories brings together the very best of Billy's storytelling for the first time and includes his most famous routines including, The Last Supper, Jojoba Shampoo, Incontinence Pants and Shouting at Wildebeest. With an introduction and original illustrations by Billy throughout, it is an inspirational, energetic and riotously funny read, and a fitting celebration of our greatest ever comedian.
