"A hugely imagined, twisty, turning tale that leads through the labyrinths of magic and war to the center of the heart." —Diana Gabaldon **THE LAST THING SHE WANTED WAS TO GET BACK INTO THE HERO GAME THE VILLAIN: The Dark One**—probably not fun at parties, definitely cool with murder—was running around North America engulfing whole cities in supernatural chaos and destruction. **THE HEROES: Five Chosen Ones**—ordinary strangers with nothing in common—were recruited by the government because they fit the narrow criteria of a prophecy made by [redacted]. You know the rest—heroes fought villain, heroes defeated villain, and everything went back to normal. Only—not so much. Now, it's ten years later, and Sloane Andrews, recovering Chosen One, has discovered that all the fame, gratitude, and parade floats in the world can't erase what she endured—what she had to do—to take down the Dark One. All she wants now is to be left alone, but that doesn't seem to be in the cards. As it

turns out, that plan for annihilation set in motion by the Dark One? It's not finished yet. Last time, Sloane saved the day with a magical needle and a can-do attitude. This time, she's fresh out of both. "A stunning thriller/fantasy/sci-fi chimera like nothing I've read before." —Blake Crouch

Effie and her gifted friends—Raven, Maximillian, Lexy, and Wolf—embark on another adventure to save the world from the evil Diberi. The second book in the magical Worldquake series, that's "tailor-made for Harry Potter's fans" (Kirkus Reviews), will leave you utterly entranced. Effie Truelove has just been expelled from magic class and now she can't even get back to the Otherworld—the place she most loves and where she feels she belongs. If she can find a copy of *The Chosen Ones* by Laurel Wilde to give her father then she might be able to fix everything. The only problem is that there are suddenly no copies of the book anywhere, because Albion Freake, the richest man in the world, is paying for them to be destroyed so that he can own the single-volume limited edition that publisher Skylurian Midzhar is making for him. Raven Wilde's witch's intuition tells her there's something suspicious about Skykurian's plan, but she's not sure what it is. And Maximilian has somehow managed to go missing deep in Napoleonic Europe. Will the five friends from *Dragon's Green*—Effie, Raven, Maximilian, Lexy, and Wolf—be able to combine their skills again to save the world from the Diberi? And can they get away from Terrence Deer-Hart, the children's author who seems a bit too interested in Effie's life?

Thirteen-year-old Kyra has grown up in an isolated community without questioning the fact that her father has three wives and she has twenty brothers and sisters.
