THE CIRCUS 1870 - 1950. This is a behemoth of a coffee table book and is quite simply the last word on the subject of circus in America. I bought the book on-line as a Christmas gift for my husband, an ardent circus fan. I was unprepared for the enormity of the volume, when the at least 20 pound package arrived.

Daredevils and scantily clad starlets, fearless animal trainers and startling "freaks": This behind-the-scenes look at the American circus brings together original posters and lithographs as well as remarkable circus photography to explore the glamour and the grit of what was once the largest showbiz industry on earth.

CIRCUS. At its heyday, the American circus was the largest show-biz industry the world had ever seen. From the mid-1800s to mid-1900s, traveling circuses performed for audiences of up to 14,000 per show, employed as many as 1,600 men and women, and crisscrossed the country on 20,000 miles of railroad in one season alone. The spectacle of death-defying daredevils, strapping super-heroes and scantily-clad starlets, fearless animal trainers, and startling "freaks" gripped the American imagination, outshining theater, vaudeville, comedy, and minstrel shows. This book sheds fresh light on the circus phenomenon. With photographic gems of early circus performers, as well as original posters, lithographs, sideshow banners and engravings from the 16th-19th centuries illustrating the worldwide roots of the circus, readers are transported to a world of thrill and skill, grit and glamor.

"The Amazing American Circus Poster: The Strobridge Lithographing Company is published to accompany the exhibition "The Amazing American Circus Poster: The Strobridge Lithographing Company," held at the Cincinnati Art Museum from February 26 to July 10, 2011, and The John and Mable Ringling Museum of Art from September 17, 2011, to January 29, 2012."

A history of the circus from its origins in the Roman times, through its establishment in Western Europe, and to the modern day circus—absolutely diverse and captivating Circuses have existed since Roman times, but centuries later, the circus world has never been more diverse and captivating, the global success of Cirque du Soleil testament to its enduring and universal appeal. Traditional family circuses for kids, arty cirque-style shows for adults, circuses in tents or in theaters, circuses with animals or without, cabaret-style hybrids on the burlesque circuit—this is an expert guide to their extraordinary history and culture. The circus requires a unique type of performer, people who blend the discipline of sports stars with the razzmatazz of showbiz; itinerant but clannish entertainers who have often had circus blood in their families for generations; world class gymnasts who risk death twice daily and help take down the big top afterwards. This history offers a journey into this unique world, each chapter an access-all-areas pass to a different circus, talking to the trapeze flyers, clowns, animal trainers, and showmen about their lives, work, families, customs, and traditions.

"Step right up!" and buy a ticket to the Greatest Show on Earth—the Big Top, containing death-defying stunts, dancing bears, roaring tigers, and trumpeting elephants. The circus has always been home to the dazzling and the exotic, the improbable and the impossible—a place of myth and romance, of reinvention, rebirth, second acts, and new identities. Asking why we long to soar on flying trapezes, ride bareback on spangled horses, and parade through the streets in costumes of glitter and gold, this captivating book illuminates the history of the circus and the claim it has on the imaginations of artists, writers, and people around the world. Traveling back to the circus's early days, Linda Simon takes us to eighteenth-century hippodromes in Great Britain and intimate one-ring circuses in nineteenth-century Paris, where Toulouse-Lautrec and Picasso became enchanted with aerialists and clowns. She introduces us to P. T. Barnum, James Bailey, and the enterprising Ringling Brothers and reveals how they created the golden age of American circuses. Moving forward to the whimsical Circus Oz in Australia and to New York City's Big Apple Circus and the grand spectacle of Cirque du Soleil, she shows how the circus has transformed in recent years. At the center of the story are the people—trick riders and tightrope walkers, sword swallows and animal trainers, contortionists and clowns—that created the sensational, raucous, and sometimes titillating world of the circus. Beautifully illustrated and filled with rich historical detail and colorful anecdotes, The Greatest Shows on Earth is a vibrant history for all those who have ever dreamed of running away to the circus.
