Based on thousands of personal notes, letters and other written sources, a definitive presentation of the late science-fiction and metaphysical author's unpublished masterwork offers insight into his life-long exploration of the nature of reality and perception and the relationship between humanity and the divine.

"A great and calamitous sequence of arguments with the universe: poignant, terrifying, ludicrous, and brilliant. The Exegesis is the sort of book associated with legends and madmen, but Dick wasn't a legend and he wasn't mad. He lived among us, and was a genius."—Jonathan Lethem

of reality and perception, the malleability of space and time, and the relationship between the human and the divine. Edited and introduced by Pamela Jackson and Jonathan Lethem, this will be the definitive presentation of Dick ' s brilliant, and epic, final work. In The Exegesis, Dick documents his eight-year attempt to fathom what he called "2-3-74," a postmodern visionary experience of the entire universe "transformed into information." In entries that sometimes ran to hundreds of pages, Dick tried to write his way into the heart of a cosmic mystery that tested his powers of imagination and invention to the limit, adding to, revising, and discarding theory after theory, mixing in dreams and visionary experiences as they occurred, and pulling it all together in three late novels known as the VALIS trilogy. In this abridgment, Jackson and Lethem serve as guides, taking the reader through the Exegesis and establishing

# Read Free The Exegesis Of Philip K

connections with moments in Dick ' s life and work. The e-book includes a sample chapter from A Scanner Darkly by Philip K. Dick.

Science fiction writer Philip K. Dick (1928 – 1982) is the giant imagination behind so much recent popular culture—both movies directly based on his writings, such as *Blade Runner* (based on the novel *Do Androids Dream of Electric*

## Read Free The Exegesis Of Philip K

Sheep?), Total Recall, Minority Report, and The Adjustment Bureau plus cult favorites such as A Scanner Darkly, Imposter, Next, Screemers, and Paycheck and works revealing his powerful influence, such as The Matrix and Inception. With the publication in 2011 of volume 1 of Exegesis, his journal of spiritual visions and paranoid investigations, Dick is fast becoming a major influence in the world of popular spirituality and occult thinking. In Philip K. Dick and Philosophy thirty Dick fans and professional thinkers confront the fascinating and frightening ideas raised by Dick ' s mind-blowing fantasies. Is there an alien world behind the everyday reality we experience? If androids can pass as human, should they be given the same consideration as humans? Do psychotics have insights into a mystical reality? Would knowledge of the future free us or enslave us? This volume will also include Dick's short story "Adjustment

# Read Free The Exegesis Of Philip K

Team," on which The Adjustment Bureau is based. Philip K. Dick and Philosophy explores the ideas of Philip K. Dick in the same way that he did: with an earnest desire to understand the truth of the world, but without falsely equating earnestness with a dry seriousness. Dick ' s work was replete with whimsical and absurdist presentations of the greatest challenges to reason and to humanity—paradox, futility, paranoia, and failure—and even at his darkest times he was able to keep some perspective and humor, as for example in choosing to name himself ' Horselover Fat ' in VALIS at the same time as he relates his personal religious epiphanies, crises, and delusions. With the same earnest whimsy, we approach Philip K. Dick as a philosopher like ourselves—one who wrote almost entirely in thought-experiments and semi-fictional world-building, but who engaged with many of the greatest questions of philosophy throughout

# Read Free The Exegesis Of Philip K

the Euro-American tradition. Philip K. Dick and Philosophy has much to offer for both serious fans and those who have recently learned his name, and realized that his work has been the inspiration for several well-known and thought-provoking films. Most chapters start with one or more of the movies based on Dick ' s writing. From here, the authors delve deeper into the issues by bringing in philosophers' perspectives and by bringing in Dick ' s written work. The book invites the reader with a casual familiarity with Dick to get to know his work, and invites the reader with little familiarity with philosophy to learn more. New perspectives and challenging connections and interpretations for even the most hard-core Dick fans are also offered. To maximize public interest, the book prominently addresses the most widely-known films, as well as those with the most significant fan followings: Blade Runner,

# Read Free The Exegesis Of Philip K

Total Recall, Minority Report, A Scanner Darkly, and The Adjustment Bureau. Along with these “ big five ” films, a few chapters address his last novels, especially VALIS, which have a significant cult following of their own. There are also chapters which address short stories and novels which are currently planned for adaptation: Radio Free Albemuth (film completed, awaiting distribution), The Man in the High Castle (in development by Ridley Scott for BBC mini-series), and “ King of the Elves ” (Disney, planned for release in 2012).

Collects articles on science fiction and related topics, chapters from an unfinished novel, excerpts from journals, and other writings

The first book in Philip K. Dick's final trilogy (followed by The Divine Invasion and The Transmigration of Timothy

## Read Free The Exegesis Of Philip K

Archer), VALIS encapsulates many of the themes that Dick was obsessed with over the course of his career. A disorienting and bleakly funny novel, VALIS (which stands for Vast Active Living Intelligence System) is about a schizophrenic man named Horselover Fat (who just might also be known as Philip Dick); the hidden mysteries of Gnostic Christianity; and reality as revealed through a pink laser. VALIS is a theological detective story, in which God is both a missing person and the perpetrator of the ultimate crime. Taking place in the same universe as Dick's soon-to-be-published Exegesis, VALIS is a dense novel, but one that is absolutely essential to understanding the author's off-kilter worldview. Much like Dick himself, the reader is left wondering what is real, what is fiction, and what the price is for divine inspiration.

Philip K. Dick was a writer who drew upon

# Read Free The Exegesis Of Philip K

his own life to address the nature of drug abuse, paranoia, schizophrenia and transcendental experiences of all kinds. More than 10 major Hollywood movies are based on his work including Blade Runner, A Scanner Darkly, Total Recall, Minority Report and The Adjustment Bureau. Born in 1929 just before the Great Crash, Dick's twin sister died when she was a month old and his parents were divorced by the time he was three. In his teens, he began to show the first signs of mental instability, but by then he was already producing fiction writing of a visionary nature.

When Stick rescues Stone from a prickly situation with a Pinecone, the pair becomes fast friends. But when Stick gets stuck, can Stone return the favor? Author Beth Ferry makes a memorable debut with a warm, rhyming text that includes a subtle anti-bullying message even the youngest reader

## Read Free The Exegesis Of Philip K

will understand. New York Times bestselling illustrator Tom Lichtenheld imbues Stick and Stone with energy, emotion, and personality to spare. In this funny story about kindness and friendship, Stick and Stone join George and Martha, Frog and Toad, and Elephant and Piggie, as some of the best friend duos in children ' s literature.

Widely recognized as one of the most imaginative writers of the 20th century, Philip K. Dick helped to shape science fiction into the popular genre it is today. His stories, renowned for their sophisticated philosophical themes and startling portrayals of simulated realities, inspired numerous television and film adaptations, including the 1982 cult classic Blade Runner. Dick's personal life took on an otherworldly quality when, in 1974, he famously had a series of bizarre visions. According to Dick, a pink light beamed psychic information into his

# Read Free The Exegesis Of Philip K

brain, awakening memories of a past life as an ancient Christian revolutionary and granting him contact with time-traveling extraterrestrials. He witnessed scenes from ancient Rome superimposed over his California neighborhood, and warned local police he was a dangerous machine programmed to self-destruct. After the visions faded, Philip K. Dick spent the rest of his life trying to fathom the meaning of what he called his "divine madness." Was it schizophrenia? Or a genuine religious experience? In *The Divine Madness of Philip K. Dick*, clinical psychologist Kyle Arnold probes the fascinating mystery of Dick's heart and mind, and shows readers how early traumas opened Dick to profound spiritual experiences while also predisposing him toward drug dependency and violence. Disputing the myth that Dick had schizophrenia, Arnold contends that Dick's well-known paranoia was caused by

# Read Free The Exegesis Of Philip K

his addiction to speed. Despite Dick's paranoia, his divine madness was not a sign of mental illness, but a powerful spiritual experience conveyed in the images of science fiction.
