The Great Mirror Of Male

The Great Mirror of Male Love (男色大鏡 Nanshoku kagami), with the subtitle The Custom of Boy Love in Our Land (本朝若風俗 Honch Waka F zoku) is a collection of homosexuality stories by Ihara Saikaku, published in 1687. The collection belongs to Ihara's floating world genre of Japanese literature (浮世草子 Ukiyo-z shi), and contains eight sections; each section contains five chapters, making 40 chapters in total.

Ihara Saikaku - Wikipedia

The Great Mirror of Male Love is part of Marquand Library ' s purchase of a large group of 17th-century Japanese books from the legendary Shibui Collection. Amassed in the early 20th century by art historian Kiyoshi Shibui (1899 – 1992), these books preserve both the dawn of Japanese commercial publishing and the origins of the country ' s celebrated Ukiyo-e woodblock print tradition.

"Great Mirror of Male Love" is Saikaku's longest work, and we would probably recognize it as his best, if homophobic critrics had not been throwing dust in our eyes for a century or more. It does not have a continuous plot--it is a collection of what we moderns would call "short-short stories" rather than a novel.

documentation, this study places Tokugawa homosexuality in a global context, exploring its implications for contemporary debates on the historical construction of sexual desire. Combing through popular fiction, law codes, religious works, medical treatises, biographical material, and artistic treatments, Leupp traces the origins of pre-Tokugawa homosexual traditions among monks and samurai, then describes the emergence of homosexual practices among commoners in Tokugawa cities. He argues that it was "nurture" rather than "nature" that accounted for such conspicuous male/male sexuality and that bisexuality was more prevalent than homosexuality. Detailed, thorough, and very readable, this study is the first in English or Japanese to address so comprehensively one of the most complex and intriguing aspects of Japanese history.

For the last decade Liberia has been one of Africa's most violent trouble spots. In 1990, when thousands of teenage fighters, including young men wearing women's clothing and bizarre objects of decoration, laid siege to the capital, the world took notice. Since then Liberia has been through devastating civil upheaval and the most feared warlord, Charles Taylor, is now president. What began as a civil conflict, has spread to other West African nations. Western correspondents saw in the Liberian war a primeval, savage Africa-a "heart of darkness." They focused on sensational "primitive" aspects of the conflict, such as the prevalence of traditional healers and soothsayers, and shocked the international community with tales of cannibalism, especially the eating of the body parts of defeated opponents, which was widespread. Eschewing popular stereotypes and simple explanations, Stephen Ellis traces the history of the civil war that has blighted Liberia in recent years and looks at its political, ethnic and cultural roots. He focuses on the role religion and ritual have played in shaping and intensifying this brutal war.

A dazzlingly original and ambitious book on the history of female self-portraiture by one of today's most well-respected art critics. Her story weaves in and out of time and place. She's Frida Kahlo, Lo ī s Mailou Jones and Amrita Sher-Gil en route to Mexico City, Paris or Bombay. She's Suzanne Valadon and Gwen John, craving city lights, the sea and solitude; she's Artemisia Gentileschi striding through the streets of Naples and Paula Modersohn-Becker in Worpswede. She's haunting museums in her paint-stained dress, scrutinising how El Greco or Titian or Van Dyck or C é zanne solved the problems that she too is facing. She's railing against her corsets, her chaperones, her husband and her brothers; she's hammering on doors, dreaming in her bedroom, working day and night in her studio. Despite the immense hurdles that have been placed in her way, she sits at her easel, picks up a mirror and paints a self-portrait because, as a subject, she is always available. Until the twentieth century, art history was, in the main, written by white men who tended to write about other white men. The idea that women in the West have always made art was rarely cited as a possibility. Yet they have - and, of course, continue to do so - often against tremendous odds, from laws and religion to the pressures of family and public disapproval. In *The Mirror and the Palette*, Jennifer Higgie introduces us to a cross-section of women artists who embody the fact that there is more than one way to understand our planet, more than one way to live in it and more than one way to make art about it. Spanning 500 years, biography and cultural history intertwine in a narrative packed with tales of rebellion, adventure, revolution, travel and tragedy enacted by women who turned their back on convention and lived lives of great resilience, creativity and bravery.

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks shill in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmills have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. SPECIAL BONUS FOR READERS! With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!

The never-before-told story of Brooklyn ' s vibrant and forgotten queer history, from the mid-1850s up to the present day. ***An ALA GLBT Round Table Over the Rainbow 2019 Top Ten Selection*** **NAMED ONE OF THE BEST LGBTQ BOOKS OF 2019 by Harper's Bazaar*** "A romantic, exquisite history of gay culture." —Kirkus Reviews, starred " [A] boisterous, motley new history...entertaining and insightful. " —The New York Times Book Review Hugh Ryan ' s *When Brooklyn Was Queer* is a groundbreaking exploration of the LGBT history of Brooklyn, from the early days of Walt Whitman in the 1850s up through the queer women who worked at the Brooklyn Navy Yard during World War II, and beyond. No other book, movie, or exhibition has ever told this sweeping story. Not only has Brooklyn always lived in the shadow of queer Manhattan neighborhoods like Greenwich Village and Harlem, but there has also been a systematic erasure of its queer history—a great forgetting. Ryan is here to unearth that history for the first time. In intimate, evocative, moving prose he discusses in new light the fundamental questions of what history is, who tells it, and how we can only make sense of ourselves through its retelling; and shows how the formation of the Brooklyn we know today is inextricably linked to the stories of the incredible people who created its diverse neighborhoods and cultures. Through them, *When Brooklyn Was Queer* brings Brooklyn ' s queer past to life, and claims its place as a modern classic.
