True Immortals are Supernaturals who are created by the collective faith of an entire Tribe. They are powered by Kenosis, and are created through a powerful mystical encounter with God. Each Tribe of True Immortals is born from a founder, known as a Patriarch, who drew so close to God that some of God's eternal essence effectively combined with their own existence.

In 1927, General Yang Sen invited Li Qingyun to Wanxian, China, to teach about health and longevity. Li Qingyun was reported to be 250 years old at the time, and his visit to Wanxian was big news. In 1970, Yang Sen compiled a book of his and other's accounts of Li Qingyun, titled "An Authentic and True Record of a 250-Year-Old Man, " which Stuart Alve Olson started translating into English in 1982. Besides the notion of someone living to 250 years of age, this book goes well beyond the biography of Li Qingyun's life. It has great historical value, especially for Westerners who are unfamiliar with much of Chinese history towards the end of the Qing dynasty. It also explains incredible health therapies and provides information on what is now called Medical Qigong. Much is explained about Daoism on meditation, breathing, qigong exercise, food, sex, and philosophy for Daoist living. Another true gem of this book is the philosophical teachings, as much of this material has never been presented in English. The depth of information provided in this book surpasses any previously published work on Daoist health practices and philosophy. It is rare to come across a text with such abundance of insights and written with such clarity as this material provides. Although"Qigong Teachings of a Taoist Immortal: The Eight Essential Exercises of Master Li Ching-yun" was published in 2002, which includes translations from Yang Sen's book, the entire translation is now finally available.This book belongs in everyone's library who studies or has an interest in Chinese philosophy, qigong regimes, and biographies. A companion DVD-"Li Qingyun's Eight Brocades"-is now available."

An ancient mogul has bought the power to live forever, but the strong young body he plans to inhabit has other ideas. The battle for immortal life begins in Stanley Bing's "stimulating, satirical and perhaps even visionary novel" (Wall Street Journal). Immortal life. A fantasy, an impossible dream--or is it? The moguls of Big Tech are pouring their mountain of wealth into finding a cure for death and they are determined to succeed. None of these titans is richer than Arthur Vogel. The inventor, tech tycoon, and all-round monster has amassed trillions of dollars and rules over a corporate empire stretching all the way to Mars. The newest--and most expensive--life extension technology has allowed him to live to 127 years, but time is running out. His last hope to escape the inevitable lies with Gene, a human specifically created for the purpose of housing Arthur's consciousness. The plan is to discard his aged body and come to a second life in a young, strong host. But there's a problem: Gene. He may be artificial, but he is a person--and he has other ideas. As Arthur sets off to achieve his goal of world domination, Gene hatches a risky plan of his own. The forces against him are rich, determined, and used to getting what they pay for. The battle between creator and creation is heightened as the two minds wrestle for control of one body. Mixing brisk action, humor, and wicked social commentary, author Stanley Bing has crafted "an engaging and cautionary tale about the direction in which spaceship Earth is hurtling" (USA Today). Welcome to a brave new world that is too familiar for comfort--and watch the struggle for humanity play out to the bitter end.

Dissolve the distractions of ego to find our authentic selves in God In his bestselling book Falling Upward, Richard Rohr talked about ego (or the False Self) and how it gets in the way of spiritual maturity. But if there's a False Self, is there also a True Self? What is it? How is it found? Why does it matter? And what does it have to do with the spiritual journey? This book likens True Self to a diamond, buried deep within us, formed under the intense pressure of our lives, that must be searched for, uncovered, separated from all the debris of ego that surrounds it. In a sense True Self must, like Jesus, be resurrected, and that process is not resuscitation but transformation. Shows how to navigate spiritually difficult terrain with clear vision and tools to uncover our True Selves Written by Father Richard Rohr, the bestselling author of Falling Upward Examines the fundamental issues of who we are and helps us on our path of spiritual maturity Immortal Diamond (whose title is taken from a line in a Gerard Manley Hopkins poem) explores the deepest questions of identity, spirituality, and meaning in Richard Rohr's inimitable style.

The first English translation of Master Li Ching-yun's teachings on the Eight Brocades, the central practice of qigong. • Explains the physical and spiritual benefits of the Eight Brocades and offers step-by-step instructions for this powerful sequence of postures. • 85 illustrations highlight the postures and philosophies. • Author's commentary provides insight and depth to the original translation. Throughout history Taoists have promoted the development and restoration of the Three Treasures-- body, breath, and spirit--through the gentle practice of qigong. At the center of the qigong practice are the Eight Brocades, a series of postures that developed during the 3,000-year Taoist quest for longevity and vitality. Now qigong expert Stuart Olson translates into English Master Li Ching-yun's treasured teachings on the Eight Brocades. One of the most famous qigong masters of this century, Master Li Ching-yun is reliably chronicled to have lived more than 250 years, during which he practiced the Eight Brocades on a daily basis. His longevity and personal endorsements attest to and validate the Eight Brocades as the quintessence of Taoist health and qigong practices. With Master Li Ching-yun's original teachings as a guide, Stuart Olson presents an authentic yet accessible approach to this unique practice. Each exercise is accompanied by original text from Master Li, step-by-step instructions for each posture, illustrations of the positions, and insights on theory and practice. Because the Eight Brocades are the foundation of all qigong, this book provides valuable advice for all practitioners, regardless of the style they practice or the depth of their experience.

This book provides a succinct organization of materials and advice Li Qingyun provided on the subject for attaining health and longevity. Stuart Alve Olson's The Immortal: True Accounts of the 250-Year-Old Man, Li Qingyun is a large book covering many aspects of Li's teachings and life, and since it is a direct translation of Yang Sen's Chinese edition, it can be more challenging to navigate the teachings. Stuart's purpose in translating The Immortal was to present that work as Yang Sen intended, and he didn't provide any personal in-depth commentary and instructions to clarify the teachings. This book then fills in the gaps regarding Li Qingyun's advice and instructions for attaining health and longevity. The first chapter, The Fundamentals of Longevity, starts out with basic, but unique, regimes on acquiring longevity. The second chapter, Foods and Herbs for Longevity, covers more clearly the herbs Li Qingyun and Yang Sen recommended for improving health and life span. The third chapter, Sex and Longevity, explains what Li Qingyun meant by the sexual practices of Refining the Rosy Clouds. The fourth chapter, The Eight Diagrams Elemental Exercises, more popularly called Eight Brocades, includes a detailed look at these exercises. The fifth chapter, Embryonic Breathing and Longevity, delves into Li's teachings on Opening the Three Passes and Embryonic Breathing Qigong methods named after the two primary images from the Book of Changes (Yi Jing)-Qian (Creativity of Heaven) and Kun (Receptivity of Earth). The sixth chapter, The Six Qi, is about the practice of the Six Healing Sounds used for both the cure and prevention of illness and disease, and as a meditation practice. The seventh chapter, Calming the Mind, is about regulating the mind and calming the spirit, the very roots of maintaining good health and acquiring longevity. These seven chapters provide a clear path for improving health and attaining longevity. You may not incorporate all of them into your daily practice, but you'll find numerous little regimes and insights that can prove most useful in your daily life. The intention of this book is not to convince you to take on all the practices, even though that would be quite effective, but to select those elements you find useful and appropriate to your life and schedule.

"A complete overview of all aspects of combat from the primitive to the cutting-edge, using the theme of Bruce Lee's life and work as a martial artist, examining the crucial differences between the martial sportsman and the martial artist, the soldier and the warrior"--Provided by publisher.

A thrilling new holiday novel from #1 New York Times bestselling author Glenn Beck. BEFORE HE WAS FATHER CHRISTMAS..HE WAS SIMPLY A FATHER. Thirteen-time #1 national bestselling author Glenn Beck realized years ago that somewhere along the way, his four children had become more focused on Santa than the meaning of Christmas. No matter how he tried, he could not redirect their attention away from presents and elves to the manger instead. Glenn didn't want to be the Grinch who spoiled the magic of Kris Kringle, so he had to find a unique way to turn his kids back toward the true meaning of Christmas. He decided the best place to start was by first turning Santa himself back toward Christ. That was when one of America's best storytellers began to craft a tale that would change everything his kids thought they knew about Santa--the incredible story he went on to tell them that Christmas Eve spans over a thousand years and explains the meaning behind the immortality and generosity of the man named Claus. The Immortal Nicholas has now been expanded and reimaged into this novel for adults; a novel full of drama, history, legend, and heart. From the snowy mountains of Western Asia, to the deserts of Egypt, to Yemen's elusive frankincense-bearing boswellia trees, this is an epic tale that gives the legend of Santa a long overdue Christ-centered mission. In this novel, Glenn Beck fundamentally transforms the figure that the world now mainly associates with shopping, all while staying true to the real story of the baby who brought redemption and salvation to the entire world.

#1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics--and, indeed, race relations--is refracted beautifully, and movingly.”--Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells--taken without her knowledge--became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family--past and present--is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family--especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and drama of scientific discovery, as well as its human consequences.

Don't miss Evermore, the first book in Alyson Noë's #1 New York Times bestselling The Immortals series. Enter an enchanting new world where true love never dies. . . After a horrible accident claimed the lives of her family, sixteen-year-old Ever Bloom can see people's auras, hear their thoughts, and know someone's entire life story by touching them. Going out of her way to avoid human contact and suppress her abilities, she has been branded a freak at her new high school--but everything changes when she meets Damen Auguste. Damen is gorgeous, exotic and wealthy. He's the only one who can silence the noise and random energy in her head--wielding a magic

so intense, it's as though he can peer straight into her soul. As Ever is drawn deeper into his enticing world of secrets and mystery, she's left with more questions than answers. And she has no idea just who he really is—or what he is. The only thing she knows to be true is that she's falling deeply and helplessly in love with him.

An exiled goddess goes on a quest to clear her name and save Mount Olympus in Talia Rothchild & A C Harvey's action-packed young adult debut, *The Immortal Game!* Galene, daughter of Poseidon, desperately wants to earn her place among the gods. But when a violent attack leaves Mount Olympus in chaos and ruins, she is accused of the crime. Banished from Olympus, Galene sets out to prove her innocence and discovers a more deadly plot—one that threatens even the oldest of Immortals. Fortunately, she has allies who willingly join her in exile: A lifelong friend who commands the wind. A defiant warrior with deadly skill. A fire-wielder with a hero's heart. A mastermind who plays life like a game. All-out war is knocking at the gates. Galene and her friends are the only ones who can tip the scales toward justice, but their choices could save Olympus from total annihilation, or be the doom of them all.
