The Silent Language in Overseas Business

The Silent Language is short enough to be easily read. However, for the sake of brevity, it sacrifices a more systemic or detailed analysis. As such, the author resorts to a limited amount of anecdotal information to support his framework. Anecdotal information is useful, but some more statistical analysis might be worthwhile.

The Silent Language-Edward T. Hall. He based his approach to the difficulties of intercultural communication on personal observations in the field as an officer in a regiment of African-American soldiers during World War2. Laying the foundations for proxemics,Hall highlightened the various languages and codes, ' the silent languages ' that characterize every culture; the languages of time, space, material possessions, modes of friendship and of reaching agreement.
