Wars of the Roses — Wikipedia

Praise for The Wars of the Roses " Exhilarating, epic, blood-and-roses history. There are battles fought in snowstorms, beheadings, jousts, clandestine marriages, spurious genealogies, flashes of chivalry and streaks of pure malevolence. . . . Jones ' s material is thrilling, but it is quite a task to sift, select, structure, and contextualize ...

The Wars of the Roses: The Fall of the Plantagenets and

The Wars of the Roses (1455-1487 CE) was a dynastic conflict where the nobility and monarchs of England intermittently battled for supremacy over a period of four decades.

The Wars of the Roses: Consequences & Effects—Ancient

The Wars of the Roses were a series of conflicts during the fifteenth century which involved most of the English nobility. There were many issues at stake, sometimes including who should be king. Writers during the Tudor period simplified the story of events into a battle for the throne between the Houses of York and Lancaster.

Wars of the Roses | Homepage

A Chronology of the Wars of the Roses 22 May 1455: First Battle of St Albans. A Yorkist victory during which the Duke of Somerset (one of the Lancastrian leaders) was killed. The Duke of York was re-appointed Protector, then dismissed again in 1456.

Wars of the Roses—Historic UK

The Wars of the Roses (1455-1487 CE) was a series of dynastic conflicts between the monarchy and the nobility of England. The ' wars ' were a series of intermittent, often small-scale battles, executions, murders, and failed plots as the political class of England fractured into two groups which formed around two branches of Edward III of England ' s descendants (r. 1327-1377 CE): the Yorks and Lancasters.

Causes of the Wars of the Roses—Ancient History Encyclopedia

The Wars of the Roses were a series of bloody battles for the throne of England that took place between 1455 and 1487. Fought between the rival Plantagenet houses of Lancaster and York, the wars are notorious for their many moments of treachery and for the sheer amount of blood they spilled on English soil.

9 Things You Should Know About the Wars of the Roses—HISTORY

The Wars of the Roses are remembered for the large number of high-born males who were killed in battle or later executed. With the exception of crude gunpowder weapons and the longbow, combat was conducted at close quarters. In order to kill or wound an oppo- nent with one of the hand-held weapons of the day, an attacker had to be as close as ...

The Wars of the Roses: The Weapons That Defined the

In the Wars of the Roses, most of the fighting occurred in England, and thus the loss of life and property was much greater for English citizens. It was a struggle to claim the throne between the families descended from Edward III and the families descended from Henry IV. The last Angevin ruler, King Richard II, died without an heir.

Which Shakespearean histories cover the Wars of the Roses

Lady Margaret Beaufort (usually pronounced: / ˈ b ɔ ʊ f ɪ r t /, BOH- f ɪ r t, or / ˈ b ʃ u ˌ f ɪ r t /, BEW- f ɪ r t) (31 May 1441/3 – 29 June 1509) was a major figure in the Wars of the Roses of the late fifteenth century. A descendant of King Edward III, Beaufort passed a disputed claim to the English throne to her son, Henry Tudor.Capitalising on the political upheaval of the period, she ...

The author of the New York Times bestseller The Plantagenets and The Templars chronicles the next chapter in British history—the historical backdrop for Game of Thrones The inspiration for the Channel 5 series Britain's Bloody Crown The crown of England changed hands five times over the course of the fifteenth century, as two branches of the Plantagenet dynasty fought to the death for the right to rule. In this riveting follow-up to The Plantagenets, celebrated historian Dan Jones describes how the longest-reigning British royal family tore itself apart until it was finally replaced by the Tudors. Some of the greatest heroes and villains of history were thrown together in these turbulent times, from Joan of Arc to Henry V, whose victory at Agincourt marked the high point of the medieval monarchy, and Richard III, who murdered his own nephews in a desperate bid to secure his stolen crown. This was a period when headstrong queens and consorts seized power and bent men to their will. With vivid descriptions of the battles of Towton and Bosworth, where the last Plantagenet king was slain, this dramatic narrative history revels in bedlam and intrigue. It also offers a long-overdue corrective to Tudor propaganda, dismantling their self-serving account of what they called the Wars of the Roses.

The civil wars of the first half of the fifteenth century still stand in the popular imagination as the period of greatest anarchy in English history. While historians have long taken a more measured view, controversy still surrounds their interpretation. In this revised edition of his reevaluation of the Wars of the Roses, A. J. Pollard has incorporated into the text the product of new research and consideration of the debates which have emerged since the book was first published in 1988. These include the new stress on 'constitutional' history, intensified dispute about the origins of the wars, and recent reinterpretations of the careers of some of the principal personalities. In a topic which has become more contested in the last decade of the twentieth century, this introduction offers a succinct narrative, a review of the historiography and an overview of the problems of interpretation of the character, causes, impact and consequences of the wars which periodically disrupted England between 1459 and 1487.

First published in 1990, Routledge is an imprint of Taylor & Francis, an informa company.

The classic American tale of divorce, and the inspiration for the famous, nasty-spirited movie.

The Wars of the Roses raged from 1455 to 1485 - the longest period of civil war in English history. They barely affected the daily routine of the civilian population, yet for the leaders of the opposing houses of York and Lancaster, the wars were devastating. First hand accounts reveal how the lives of their women and children were blighted during three decades of war, as many of their male relatives met with violent deaths. This book examines in detail the causes, course and results of each of the main wars and concludes with a fascinating insight into why the wars ended so abruptly.

Each of these lavishly illustrated books serves up a brief and manageable portion of the Fraser-edited and much-touted Lives of the Kings and Queens of England. A set of six jewels for Fraser's crown.

" Westeros is probably closer to medieval Britain than anything else." George R.R. Martin, creator of Game of Thrones Kings who were insane, infant or imprisoned, feuding families, disputed successions and monarchs executing their brothers, exiled nobles, war with France and enemies forced to unite against a common foe – the history of the Wars of the Roses is so filled with drama that it feels like fiction. In fact, it has inspired fiction. As Game of Thrones author George R.R. Martin said: " I ' ve drawn on many parts of history, but the Wars of the Roses is probably the one A Song Of Ice and Fire is closest to." Telling the story of the fifteenth century wars between Lancastrians and Yorkists, The Wars of the Roses follows the course of the conflict from the succession of infant King Henry VI right through to the defeat of rebellions under Henry VIII. Its protagonists were twisted by their conflicting loyalties of blood, marriage and, above all, ambition. From mad Henry VI captured in battle to the mystery of the ' Princes in the Tower ' and the truth behind Richard III ' s deformity, the book is a lively account of more than 30 tumultuous years. Illustrated with more than 200 colour and black-and-white photographs, artworks and maps, The Wars of the Roses reveals the scheming and betrayal, the skulduggery and murder behind the struggle to gain power – and then hold on to it.

This book presents a truly coherent account of the Wars of the Roses.

Frequently remembered only as a period of military history which both saw the French beat the English and then the English fight amongst themselves, traditional historians have tended to regard The Wars of the Roses as an episode that wrecked England's military greatness. John Gillingham's highly readable history separates the myth from the reality. He argues that, paradoxically, the Wars of the Roses demonstrate how peaceful England in fact was. From the accession of the infant Henry VI to the thrones of England and France in 1422 to the accession of Henry VII following the Battle of Bosworth in 1485, Gillingham uses his gift for graphic description (particularly with his exciting account of the 1471 campaign) to great effect. He is also good at placing the warfare within its European context, especially in showing the problems encountered in conducting a civil war within a normally peaceful country. The Wars of the Roses is an irresistible account of a fascinating period of history that makes available to a much wider audience the work of historians of recent decades. Praise for John Gillingham 'Incisively written and highly readable' - Sunday Times John Gillingham is Emeritus Professor of Medieval History at the London School of Economics and Political Science. On 19 July 2007 he was elected into the Fellowship of the British Academy. He is renowned as an expert on the Angevin empire. His other titles include Oliver Cromwell: Portrait of a Soldier.

Presents the history of the Wars of the Roses from the common soldiers' perspective. Historians have researched the motives and fortunes of kings, nobles and gentlemen in the Wars of the Roses, that bewildering sequence of rebellions fought between 1455 and 1485.
