~~Traditional Chinese Medicine Cupping Therapy — 3rd Edition~~

With a long-standing history in China, cupping is a very effective external therapeutic branch of Chinese medicine. Yet one seldom sees treatises regarding this field published either in China or in the West. Normally, cupping therapy can be found only as a chapter in books on acupuncture. Ilkay Zihni Chirali's book has filled a gap in the field.

~~Different practices of Traditional Chinese medicine (TCM)~~

Cupping is a practice used in traditional medicine in several parts of the world, including China and the Middle East. It involves creating suction on the skin using a glass, ceramic, bamboo, or plastic cup. Negative pressure is created in the cup either by applying a flame to the cup to remove oxygen before placing it on the skin or by attaching a suction device to the cup after it is placed on the skin.
