Automatic transmission fluid, a key part of automatic transmissions, provides lubrication to the internal clutches, gears, and bearings. As a hydraulic fluid, it operates most of the functions in the transmission. In the transmission torque convertor, it transfers power from the engine to the transmission. ATF is also the coolant for the ...

Automatic Transmission Fluids | Pennzoil
The pump supplies pressurized transmission fluid for many uses throughout the unit. The planetary gear sets provide the chosen gear ratios for the vehicle. Clutches or "clutch packs" engage and disengage the gear sets. The Torque Converter connects the transmission to the
