Protective/security measures for politicians, corporate executives, dignitaries, government officials, V.I.P.s (millionaires, movie or rock stars), and military leaders.

Although military operations against terrorist forces often garner the headlines, those who protect government, military, and business leaders from assassination or kidnapping are also in the front lines against terrorism. Ready and prepared to place his body between his employer and a bullet, the bodyguard must be able to blend into the milieu around his charge, yet be ready to spring into action instantly to counter an attack. Based on techniques of the U.S. Secret Service, U.S. State Department Security, the Special Air Service, the Royal Corps of Military Police, the Metropolitan Police, the KGB and its successor the FSB, France's GSPR, and other protective units around the world, The Bodyguard Manual details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress. From security aboard Concorde, the Orient Express, or the Queen Elizabeth 2, to protecting a military general officer in combat, The Bodyguard Manual allows the reader to "stand post" with the professional bodyguard.

The Executive Protection Professional's Manual not only explains what it takes to be an executive protection professional but provides other valuable information as well, including tips on defensive tactics, bomb searches, searching for bugging devices, firearms training, defensive and evasive driving, and advance reconnaissance. This unique book also discusses important career information, such as how to select the area of executive protection in which you would like to work, how-much money you should make, the interview, and stories from real-life experiences of an EPP.

This book shows ordinary people how to protect themselves against threats and how to protect clients if they wish to secure a job in close protection. Learn tricks of the trade from a seasoned professional. The training in this book can save your life or the lives of your loved ones and clients.

This revised edition retains the exceptional organization and coverage of the previous editions and is designed for the training and certification needs of first-line security officers and supervisors throughout the private and public security industry. • Completely updated with coverage of all core security principles • Course text for the Certified Protection Officer (CPO) Program • Includes all new sections on information security, terrorism awareness, and first response during crises

I wrote this book to teach people with no background in the protection industry how to not only be their own bodyguard but how to learn new skills so that they may eventually protect other people professionally.If you want to learn the business and become a Private Security or Close Protection Operator, you must learn a series of skill sets. How you gain any skill set can vary from person to person. Some people acquire the skills in the military, police or even after years of hands-on martial arts training. You do not have to become a Green Beret, Navy SEAL or CIA Contractor to acquire a series of proficient skill sets on survival, combatives or shooting.All you have to do to acquire some new skills in personal protection is to have the desire to learn and then apply what you have learned safely and with a high level of proficiency. I will pass on small pearls of wisdom throughout this book. The gems that I pass on to you have been passed on to me in many different ways throughout my life. Each jewel will be a new skill or a direction to learn. The more that you learn, the more you will understand.Any person with the passion for learning will pick up these new skills and instantly apply them. The more that you read about close protection, the more you will learn from this book. The more that you physically do, the more ingrained your skills will become into daily operational procedures. Even if you learn just one new thing from this book that saves your life, or someone else's, then it was worth learning that skill.Stay flexible in your thinking and keep an open mind as you read this book. The more you learn about yourself, the more you will want to know and apply your new skills towards your everyday life. Eventually you will be able to tie all of the pearls from this book together and become operationally proficient and stay safe in many different scenarios.

The number of incidents and crimes carried out by terrorists and criminals, such as physical threats, violent attacks, assassinations, kidnapping and hostage situations are increasing by the minute worldwide. Each incident is a constant and ever demanding challenge to the law enforcement and the personal security professionals in particular. A detailed, but understandable manual for the Executive Protection Officer is a priority and the answer to those challenging situations. The Fine Art of Executive Protection is a detailed, but understandable manual for the Executive Protection Officer providing answers to those challenging situations. Information about every aspect of executive protection is not only an important part of the professional's training curriculum, but plays also a vital role for the client, who seeks protection. This manual will provide a clear view of all aspects not only for the professional, but also for prospect clients. To make sure of this all available training and study material, individual case studies and real scenarios combined with professional experience served as a foundation for this specialist's manual. The Fine Art of Executive Protection in its comprehensive and straight- forward form will guide the reader through the diversity of disciplines and skills, which are essential for any professional of the executive protection and private security sector. This book provides detailed information and knowledge, necessary and indispensable not only for the novice, but also for the experienced executive protection professional. It provides the clear knowledge and a thorough understanding of the characteristics, diversity and demands of this profession. It contains all the essential ingredients, necessary for an effective protection planning and successful service, demanded by any executive protection specialist. Providing all the tools, techniques and applications needed for this specific job, it also shall motivate some talents, which may need to be developed further and to face not only today's protection needs, but also those of the future. The book not only contains detailed professional information for the person seeking a post in the "glamorous world" of the executive protection- business but also provides all the information necessary for those under threat and in need of close protection and a secure environment. A protection- seeking client will find detailed information about Executive Protection and Physical Security. Executive or Personal Protection, was once considered a service only and exclusive for the rich, famous and a few selected government officials. But recent events and an increase in violence, quickly transformed Executive Protection into a sought after service- commodity worldwide. Keeping this in mind, any part of this guide is therefore easily adaptable and adjusted to any region or country in the world. However, one must carefully consider and act within the local laws to assure a successful protection service.
